ANTIOCH, ILLINOIS, THURSDAY, MARCH 4, 1965

VOL. LXXIX, NUMBER 36

MAYOR MURRILL CUNNINGHAM signed the proclamation declaring March 7-13 as Girl Scout Week in Antioch while these Scouts looked on. Left to right, Ruth Zerbo, Cindy Platz, Alice Burnette and Wendy Lindsted.

Mayor Proclaims Girl Scout Week

The Honorable Mayor Murrill Cunningham has proclaimed that the theme of Girl Scout Week, "Girl Scouting—A Promise in Action," should be a reminder to the citizens of their continuing promise to support Girl Scouts of the U.S.A. in furthering its purpose of inspiring girls to be happy and resourceful citizens.

More than 4200 girls and adults in the Lakeview Council are among the almost three and three-quarter million Girl Scouts, girls and adults, who are celebrating their organization's 53rd anniversary during Girl Scout Week.

The Girl Scout Promise:

"On my honor, I will try: to do my duty to God and my country, to help other people at all times, to help other people at all times, to obey the Girl Scout Laws," has been a vital part of Girl Scouting since the organization's beginning in 1912.

Mayor Cunningham, in his proclamation, also paid tribute to the Girl Scout organization for providing a bridge to the future in its continuous program for girls seven through 17 by "developing good citizenship, teaching important skills, encouraging career exploration and increasing world understanding."

Census Shows Rise In County Retail Sales

Lake County's 2,348 retail establishments, had \$439.8 million in sales in 1963, an increase of 30% from 1959, the U.S. Bureau of the census has just reported after tabulating data gathered from all firms in the 1963 census of business. The previous business census conducted by the census bureau, an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs (exclusive of proprietors) for 13,927 men and women and a yearly payroll of \$53.4 million.

In volume of business, the county's food stores had sales of \$101.1 million, an increase of 18% from 1958, in other retail business—the county's eating and drink-

ing places had sales of \$33.1 million, and gasoline service stations had sales of \$33.8 million, auto dealers and related retail trade establishments had sales of \$76.3 million; general merchandise group stores had sales of \$41.7 million; and lumber, building materials, hardware and farm equipment dealers had sales of \$25.8 million.

For the state as a whole, the census bureau reported 92,069 retail establishments with sales of \$15,190.1 million, up 19% from 1958.

Figures on number of establishments and sales volume for major types of retail establishments in each county are provided in the printed report: 1963 Census of Business, Retail Trade, Illinois, available at 65 cents from Superintendent of Documents, Washington, D. C. 20402 and at U. S. Department of Commerce Field Offices.

Contracts On Courthouse Work Let

Seven contracts for construction of the new courthouse in Waukegan were awarded last week by the Lake County Building Commission. The contracts totaled \$3,349,208.00.

All of the contracts went to the low bidders, as had been recommended by the architect, William A. Ganser.

The general contract work was awarded to the Northfield Building and Construction Co., Northbrook, with a low bid of \$2,145,865.00.

The commission set March 1 as the beginning date of construction with completion 21 months from that date. If not completed in that time a penalty of \$250 a day, can be assessed against the general contractor.

The other successful bids: Marmet Corp., \$63,300; plumbing, J. M. Kreehl Co., Inc., \$114,828; ventilating and air conditioning, Kraus Sheet Metal Works, \$270,000; elevators, Montgomery Elevator Co., \$204,127; heating and refrigeration, McDonough Plumbing & Heating Co., - William Zeigler & Son, Inc., \$479,807; temperature control, Honeywell, Inc., \$71,281.

The commission decided to readvertise for the electrical bid as the bid received was considered too high. The bid was \$101.00 over the low bid submitted in 1963.

Students To Play Faculty

The members of the 8th grade basketball team at Antioch Grade School will play one of the feature games of the season Friday, March 5, when they tangle with a team made up of faculty members.

The preliminary game at 7 p.m. will be the Antioch 8th grade vs. the Oakland 8th grade. The big game of the evening will start at 8:15 p.m.

The faculty has an imposing-sounding group of players lined up ready to take the floor, probably in anticipation of numerous strained muscles, lack of breath, and other evidences of advancing age.

Taking part in Friday's fray, for the faculty, will be: "Center Court," Soderman; "Hippy" Houghton; "Slinkin"; "Sly"; Sundquist; "Robust" Rose; "Handy" Anderson; "Leaping" Volk; "Wayward" Ware; "Pivot" Polson; "Stuffer" Sorenson, and "Ringer" Hunt.

Assisting in the conduct of the game will be Coach "Iowa" Anderson, Coach "Cane" Eckert, "Dr. Patch-Em-Up" Harmon; Referee "Chewy" Chevront; Referee "Blower" Jones and Candy Venders; "Noisy" Dalgard and "Chippier" Schippmann; "Poppycorn" Becker and "Ticket Taker Toft."

Cheerleaders for the teachers will be "Babe" Quimet, "Pepper" Paddock, "Swinging" Pumper, "Shorty" Karolus, "Barney" Barnstable and "Rowdy" Rawson.

Playing for the eighth grade will be Dave Camp, Jim Carlson, Greg Williams, Rodney Miller, Don Effinger, Frank Curneal, Jim Kopriva, Ron Nielsen, Dennis Rockov, Roger Sorenson, Jay Horton, Lynn Barthel, Don Feneel, and Bruce Gussarson. Frank Huebner is manager.

Proceeds of the game will go to buy a new trophy case for the school. Refreshments will be available.

Service Station Looted Sunday Night

The Bulko Service Station, at the corner of Route 21 and Grand Avenue in Lake Villa, was broken into and robbed of \$207.31 Sunday night.

Owner Larry Buckingham said he could not be sure whether or not any merchandise was taken. The robbers, he said, had to be someone fairly familiar with the station, because they knew where the key to the desk was.

Entry was gained by breaking a back window and bending a metal bar across the window.

The present owner has been at the station for about a year.

The break-in occurred sometime between 11 p.m. Sunday and 6 a.m. Monday.

Trevor Residents Can Now Call Antioch Toll-Free

Trevor residents can now call Antioch toll-free. Wisconsin General Telephone Co. initiated the new extended area service on Wednesday, March 3. The service is not reciprocal. Antioch residents will still have to pay a toll charge to call Trevor.

Police Report For February

The police report for the village of Antioch for the month of February, submitted by Sergeant Jack Heick to the village board shows 34 tickets issued for moving violations, and 30 tickets paid; 12 accidents reported; 4 cases of petty larceny or grand larceny; one fire call in the village and five in the county; nine Rescue Squad calls in the village and ten in the county; one cat bite reported; three dogs impounded.

Vandalism on two buildings was reported on Feb. 13; two thermal pane windows broken at Modern Home Products, 874 Anita St., by bullets from a .22 caliber weapon, and a hole shot through a door at Gefco Mfg. Co., 999 Anita St., also a bullet from a .22 caliber weapon.

The juvenile report included two complaints of shoplifting; one case of drunk and disorderly conduct; one theft from a poor fund; one theft of a vehicle; a disorderly conduct case at the Antioch Roller Rink (fighting). Two boys were apprehended in the village parking lot in possession of a .22 caliber pistol, a knife, and a two-foot pipe, also open cans of beer. The parents of all juveniles were notified and the juveniles released to their parents.

The Soo Line Railroad reported an unknown number of railroad fuses and torpedoes (both dangerous) stolen. Richard B. Broderick, Winthrop Harbor, reported two skirts stolen from a car parked on Main St. Lyons & Ryan Ford reported two Fords stolen. One car was found abandoned, one found with a driver in it. The driver was taken to Lake County jail and admitted the theft.

Herman Holbek reported his car stolen on Feb. 27. It was found with a juvenile driving it. No charges were filed because of the age of the party who had taken the vehicle.

Seven Seek Posts On AGS Board

Seven persons have taken out petitions for the three vacancies on the Antioch Grade School Board of Education.

The three whose terms of office expire this spring are Richard Eckert, Ronald Polson and Clarence Larson. Of these, Eckert and Polson have both taken out petitions for reelection. Larson has not declared his intentions.

First day for filing the petitions was February 24. The petitions of Richard D. Eckert, incumbent, Miss Mildred LaPlant and Mrs. Gloria K. Patrovsky have already been filed.

Those who have taken out petitions but have not yet filed are Ronald Polson, incumbent, and Dr. Fred L. Bobzien, William Strahan and Peter Poulos.

The last day for filing of petitions is March 20. Election of members of the Board of Education will be held April 10.

Third Slate Files For Village Posts

A slate of candidates on the Independent party ticket filed petitions for the post of mayor and trustees of the village of Antioch last week. There are now three full slates and one independent candidate for mayor in the race for the village posts.

The latest slate is made up of Oakwood Knolls residents and includes Warren Heintz, 211 Maplewood, for mayor; Eugene Lusiak, 350 Oakwood Drive; Henry Sreh, 418 Maplewood, and Alex Bazar, 334 Cedarwood, for the three trustee seats.

Last day for filing petitions was Monday, March 1.

Water Bill Hassle & Parking Problems Plague Board

Village treasurer Martha Hunter reported at Tuesday night's board meeting that the cost of snow removal for the months of January and February in the village of Antioch was \$1,855 for January, \$1,566 for February, plus \$288 rent for an extra piece of equipment.

The disputed George Kennedy water bill was the first

business before the village board. Mr. Kennedy requested that the village accept his check for \$50.00 in payment of the disputed bill. The village had sent him a water bill of \$453 for the period from August 19 to October 20.

Kennedy had amassed an imposing array of figures to back up his contention that

he could not have used the amount of water for which he had been billed. His bill for the period from August 19, 1963 to October 20, 1963, showed that he used 1,018,500 gallons of water in that time. This, he said, would represent a usage of 16,975 gallons a day.

From August 1, 1964 to Nov. 1, 1964, Kennedy said,

his water bill showed that he used 64,500 gallons, or 717 gallons a day.

Mayor Cunningham pointed out that the meter at the Kennedy Construction Co. had been checked by the factory and found to be correct. Kennedy countered that a representative of the manufacturing company had told him that there was a possibility of a "human error," in that the meter might not have been set to 0 when installed.

Edgar Simonsen, department of public works, replied that if this had happened the

(continued on page 3)

Late-Bus Service Starts Monday

Late-bus service for students staying after regular school hours for various reasons, will start at 4:30 p.m. Monday, March 8, at the Antioch High School.

A ticket system has been worked out, to assure that only those students who stay at the school for school-related activities use the bus. Students who leave the school to do shopping or go visiting will not be allowed to use the bus. The tickets will also provide a record of how many students use the bus and their reasons.

The following routes will be used:

The west bus will leave the high school campus, go north to North Avenue and west as far as Norshore Road. It will backtrack to Tiffany Road, turn south to Route 173, and again turn west to Lake Avenue in Gravel Lake. It will go as far as Rindley's before turning back to Route 173, and then back to Route 59.

It will then turn south to Grass Lake Road and go

west as far as Grass Lake Food Mart, where it will turn around and go back to Route 59. Here it will go south to Route 132 and travel east to Cedar Avenue in Lake Villa, stopping at the Drug Store. It will then continue on to Route 21-83, and turn north for the return run to the high school.

The east bus will leave the high school, travel through town to North Avenue, turn east past Oakwood Knolls to Deep Lake Road, where it will go south all the way to Route 132. It will then go east, enter Lindenhurst at the Water Tower, go in about one block, turn right and come out again at the Shell Station. It will again go east on Route 132 to Sand Lake Road and turn north on Route 45, travelling all the way back to State Line Road where it will turn west to Deep Lake Road, south on Deep Lake Road to Route 173 and west again to the high school.

These routes may change from time to time as student demand indicates a need. If no students are getting off at any particular part of the route, the route will be shortened at the discretion of the driver.

As this is an experimental project, the high school invites any suggestions that parents or students wish to make.

Chamber To Honor Sequoits

Members of the Antioch Chamber of Commerce heard Dwight H. Wallace discuss the importance of unity in Chamber activities at the general meeting Monday.

Chamber members voted to honor Antioch's championship basketball team with signs at the village limits. The Chamber plans to erect the signs in the near future.

Four new members joined the ranks of the Antioch Chamber of Commerce. They are the A&P Store, Jewel Tea Store, Larsen & Blackman and Northern Illinois Gas Co.

William Brook announced that the village board had requested that the Chamber get three appraisals on the property to be acquired for a parking lot on the west side of Main St.

There was some comment from the members on the number of merchants on Main St., who parked cars on Main St. all day, taking up parking space that could be used by customers.

The next meeting of the Board of Directors of the Chamber will be held on March 9.

GOP Proposes New Remap

Republicans have sent to the Senate floor their plan for reapportioning the House and Senate.

The GOP plan for remapping House districts would give Lake County a northern and a southern district.

The new 31st House District would include Antioch, Newport, Benton, Zion, Grant, Lake Villa, Avon, Warren, Waukegan - Townships, and all of North Chicago in Shields Township.

The 32nd House District would comprise the remainder of Lake County, along with Dorr, Nunda, Grafton and Algonquin townships in McHenry County.

The GOP plan for the Senate would put all Lake County townships from Antioch Township to Shields Township, including Lake Villa, Warren and Waukegan townships to the northeast corner of the county to the new 30th district.

The 31st Senate District would include the remainder of Lake County, part of Kane County and all of Boone, DeKalb and Kendall counties.

It both the Democratic and Republican plans are defeated in either the House or Senate, a joint House-Senate conference committee will be established to try to work out a compromise agreement.

Charter Issued To Tavern Owner

The office of Secretary of State Paul Powell has issued a charter to Smiley's Corners, Inc., Route 173, Antioch, to Miles L. Green and Laveda Green, to operate a tavern and cocktail lounge.

China Co. Trust Hits New High

Pickard, Inc., has announced that the company's 1964 contribution to its Profit Sharing Retirement Trust Fund was \$14,000.00. This is the highest annual contribution by the Antioch fine china manufacturer since the Trust was started in 1961.

Total value of the Trust, including earnings on investments, now stands at \$52,735.18.

A portion of the annual contribution is credited to the account of every employee who has been with Pickard more than two years.

The amount credited to the employee each year is determined by a point system based partly on length of service and partly on earnings.

PM&L to Present Comedy In March

A comedy involving a hypochondriac who is convinced of his impending death is the nucleus of the story of the next play to be presented by the PM&L Theatre.

The play, under the direction of Agnes Van Patten, will be presented at the PM&L Theatre on Main St., in Antioch on March 19 and 20, and March 26 and 27.

Tickets are available by calling Vivian Mapleshorpe at 395-3613.

Returns To U.S. From Viet Nam

Captain Errol Clark, son-in-law of the Elmer Hunters, returned to the U. S. Monday morning after a year in Viet Nam.

Captain Clark, the husband of the former June Hunter, had been stationed near Saigon for the past year. He will be stationed at Fort Bliss, Texas, for the present.

What Happened To February, Doc?

Remember the weather prediction, made last September, of Antioch's own long-range weather forecaster, "Doc" Charles Solar.

Doc's first venture into public weather forecasting was actuated by his disagreement with the prediction of Mathon Kyritsis, Waukegan's self-styled expert on the language of the perch as it relates to the weather.

Last fall, Mathon boldly predicted a mild winter. Or the perch did.

A mild October and November, followed by a cold December and January," Doc disagreed.

Up to this point, Doc's batting average has been pretty good. Unfortunately, the rest of his prediction hasn't quite worked out.

"Mild weather the balance of the winter," (after December and January), Doc predicted last fall.

February was not exactly our idea of mild weather. Contacted at his home, Doc agreed with us.

"I admit something went a little wrong with my forecast there," Doc said. "Quite a few people have called me up to call my attention to my error. I think the trou-

ble was, I ran out of mushrooms before February. Well, at least I admit I was wrong. That's more than this fish fellow does."

"Now, if you'd like a few more predictions, I'm forecasting some more snow about the middle of March." (Highway department, please note. Don't put those snow plows away.)

"This prediction is not based on mushrooms—just quite a few years of experience and common sense. We've had several dry years. This is the year we'll get extra moisture to average things out."

"Lots of snow in March, and lots of rain this spring. That's my prediction. There's a lot of snow up in Wisconsin and Minnesota, and if we get a quick thaw and rain we're going to have a lot of flooding."

So there you are. Keep your boots and snow shovels handy. And hunt out your umbrella, raincoat and rubbers. And if rainy weather makes your corns hurt, just visit Doc Solar in the Antioch Savings & Loan plaza. He's a podiatrist (when he isn't mushroom hunting), you know.

A Row of Trees vs. Riles of Rusting Cars

State Senator Paul Simon is determined to do his bit to beautify Illinois.

He has introduced a bill in the state legislature providing that junk yards which are visible for one-quarter of a mile from any state highway be fenced to hide the unsightly junk.

He introduced similar legislation in the last session of the legislature but it was defeated.

Senator Simon's bill would provide that the screening fence be at least two rows of Douglas fir, spruce, white pine or red pine, or some other type of natural barrier that would be of sufficient density and height to hide the junk.

Someone will probably raise an outcry about "individual freedom" and "the right to use one's land as one wishes." However, we'd much rather look at a row of attractive evergreens than acres of abandoned and rusting cars, or the unsightly heaps which make up city dumps.

Presuming Simon is successful in getting his bill passed this time, there may be considerable difficulty in determining exactly what is a junk yard. For example, how many defunct cars do you have to accumulate before it can be termed a junk yard?

A row of trees shouldn't be too large an investment for the junk yard owner. After all, he has no other maintenance to cope with.

Maybe the Senator can persuade owners of unsightly areas to begin observing Arbor Day.

One Answer To The Downtown Parking Problem

Free parking in downtown Waukegan is expected to become a reality in about a month. Will the move help to draw the flow of trade away from the shopping centers and back to the downtown area?

Downtown merchants obviously believe it will help. They've put up \$35,000.00 of their own money to meet outstanding parking lot revenue bonds, if necessary.

The new parking plan allows two hours of free parking, in city-owned parking lots, with a 25-cent-an-hour fee after that time.

Waukegan is a much larger city than Antioch, of course, but many of the dollars that flow across that city's retail counters come from Antioch area customers. And many of them could be kept here.

Parking isn't the whole answer to stimulating retail trade, but neither is any other one move. It would be nice if there were one improvement that could be made that would guarantee an influx of customers in the stores, but there isn't.

More free, convenient parking is certainly part of the answer to stimulating any town's business. Experience has proven it.

So we hope Antioch's village board and Chamber of Commerce do all they can to speed up solutions to the parking problem in our town. Let's not be last with the least.

By Pearl Kapell

We've said it before and we'll say it again—the Highway Department did a bang-up job of keeping roads open and driveable during the recent storm. And this applies to the highway departments at all levels, state, county and town.

It certainly must have meant around-the-clock work to cope with the incredible snowfall and drifting. It must seem like a thankless job at times to the weary, cold workers. They must,

sometimes, think rather sourly that it wouldn't hurt people to stay home till the storm was over.

Keeping the roads open isn't just a matter of "business as usual," though, as you well know if you've ever had illness strike during a bad storm, or had to rush someone to the hospital on treacherous roads. Keeping the roads open means lives saved.

These hard-working crews never know of the lives they save, of course, because emergencies that are prevented can only be imagined. But the hardships that arise on those rare occasions when the weather defeats their efforts remind us of the importance of their work.

LOOK WHO'S YELLING 'FOUL'

"Perpetrating a fraud through the mail" is what the Imperial Knight of the Ku

Your Congressman Reports....

By Cong. Robert McClory

Along with other problems affecting our foreign relations, the Congress will soon be confronted with the issue of appropriations for foreign aid. This general subject covers civilian and military aid to approximately 100 foreign countries around the world.

While it is true that the Executive formulates and carries out foreign policy, the Congress exercises substantial control of foreign policy through its authorizations and appropriations of Federal funds for this purpose. This year, the President has requested foreign aid funds totaling almost \$3½ billion, which include more than \$1 billion for military assistance and the remainder going for various forms of non-military aid.

However, this figure is misleading in many respects. It does not include, for instance, foreign aid provided through the shipment of surplus agricultural products by the Commodity Credit Corporation which will total another \$2 billion. Neither does it include funds which are loaned through the World Bank, International Development Association, Inter-American Development Bank, nor sums which are spent abroad for the maintenance of American troops in widespread areas around the world. Other additional foreign aid is provided by various agencies and departments of the Federal government including the State Department. It has been estimated that—if all of the Administration measures are passed—foreign aid will amount to more than \$5½ billion in the next fiscal year.

There are many obstacles yet to be encountered before foreign aid appropriations in this amount are approved by the Congress. The reluctance of the Congress to provide foreign aid is in question was indicated recently when the House of Representatives gave overwhelming approval to an amendment barring further aid to Nasser and the United Arab Republic. While this restriction was later reversed, due to Executive pressures, the attitudes of the Congress remain substantially the same. The result is that foreign aid in the form of funds or goods is apt to be sharply curtailed for those nations which have tolerated or engaged in hostile conduct toward the United States.

Another impediment to foreign aid this year is the adverse balance of payments dilemma in our country. This development has placed the Administration in an awkward position when demanding large commitments of foreign aid which obviously impair our balance of payments position. It is well to recognize, also, that the nation as a whole appears to be wearying of the endless unilateral foreign aid grants which began with the Marshall Plan in 1946, and which some recipient nations expect the American taxpayers to provide annually—ad infinitum. Statements of Senators Wayne Morse of Oregon and J. William Fulbright of Arkansas, Congressman Otto Passman of Louisiana and other Members of Congress indicate that the whole subject of foreign aid may soon undergo a complete reappraisal and reorganization.

There is a definite trend toward multilateral aid programs in lieu of aid provided by our nation alone. In addition, loans—including long-term loans and low interest—instead of outright grants are the present trend in the foreign aid field. The strongest proof of this development came recently when the House of Representatives voted overwhelmingly to authorize ¾ of a billion dollars for the Inter-American Development Bank for "loans" to friendly South American countries. The contribution of the United States is augmented by \$150 million provided to this fund by various South American nations. The loans will bear interest and there is every assurance that they will be repaid.

This is the new approach to foreign aid toward which both the Administration and the Congress appear to be moving. The long-range effect of this change should be encouraging to the American taxpayer. The impact of such loans on our balance of payment should be modest. The mutual respect which such a program can and will generate promises to be one of the healthiest developments of our current foreign relations.

Klux Klan called it when a Negro recently joined that organization. The Imperial Wizard was pretty stuffy about the whole thing. He promptly revoked the membership of Paul Belleson, Nampa, Idaho, when told Belleson was a Negro. He had already made Belleson a great citizen and appointed him to set up a klavern in Idaho.

Belleson thought it was all pretty funny. He had decided to see if he could obtain a membership just for kicks. "I wonder how I made it," he said.

NOBODY LOVES THE INCOME TAX

The income tax was 52 years old last week and absolutely nobody celebrated the occasion.

The 16th Amendment to the Constitution, which gave Congress the power to lay and collect taxes on incomes, was officially certified on February 25, 1913.

If the birthday of the income tax was sadly neglected, there is no danger that the tax itself is forgotten. With April 15 drawing nigh, there's little danger of that.

Courthouse Notebook

By Lou Burkin

The big snow storm last week brought a new discomfort to many people in the county, but it is doubtful if anybody had the problem of one Waukegan attorney who found himself on Thursday morning with four foot drifts in his driveway, an empty coffee can and nothing but short butts for that first cigarette.

There was considerable discussion around Ed Rondeau's Coffee Bar in the courthouse concerning the legality of such a condition as grounds for divorce.

While the storm produced some absenteeism in the county building it was surprising to see how many county employees took circuitous routes to get to work from Fox Lake, Antioch, and Waukegan, while many living closer in Waukegan and North Chicago were unable to make it.

State Rep. William Hartnett's bill to establish Township Committee posts for the county central committees of the two major parties is expected to get a thorough hearing by the legislators.

Certainly the central committees as now constituted are impractical because of their size and it would seem that election of township committees with voting strength based on the party votes in their township would be a practical solution.

Rep. Hartnett has also suggested that the committees be elected to four year terms so their elections would not conflict with the primary every two years.

A change as drastic as this would certainly shake up the existing organizations at first, but in the end would probably produce more efficient central committee organizations.

The Illinois Liquor Control Commission has sent out circulars and pamphlets urging enforcement of the laws governing the purchase or use of alcoholic beverages by minors and it will be interesting to see how strong the enforcement becomes.

There has been a Lake County ordinance against the sale of purchase of liquor involving minors for several years, but prosecution of the minor has been as rare as a reduction in local taxes.

For some season the courts and law enforcement officials have found it more expedient to prosecute the seller rather than the buyer, but it is unlikely that even those tavern-owners who cater to teenagers go out in the streets and drag minors into their barrooms and force the forbidden beverage on them.

appears to be wearying of the endless unilateral foreign aid grants which began with the Marshall Plan in 1946, and which some recipient nations expect the American taxpayers to provide annually—ad infinitum. Statements of Senators Wayne Morse of Oregon and J. William Fulbright of Arkansas, Congressman Otto Passman of Louisiana and other Members of Congress indicate that the whole subject of foreign aid may soon undergo a complete reappraisal and reorganization.

There is a definite trend toward multilateral aid programs in lieu of aid provided by our nation alone. Belleson thought it was all pretty funny. He had decided to see if he could obtain a membership just for kicks. "I wonder how I made it," he said.

NOBODY LOVES THE INCOME TAX

The income tax was 52 years old last week and absolutely nobody celebrated the occasion.

The 16th Amendment to the Constitution, which gave Congress the power to lay and collect taxes on incomes, was officially certified on February 25, 1913.

If the birthday of the income tax was sadly neglected, there is no danger that the tax itself is forgotten. With April 15 drawing nigh, there's little danger of that.

County Board Chairman Kenneth Honke is keeping close tabs on county board races in various townships even though he is not a candidate for re-election to the board himself.

His chances of re-election as chairman will depend more than somewhat on the fate of some of the board members who go before the electorate April 6 and he is especially interested in Waukegan Township which has three assistant supervisor posts up for election.

Honke, along with many board members, had hoped that John Balen would be out of their hair after he filled his candidacy for the City Clerk nomination in the recent Waukegan primary, but the outspoken foe of county board policies is a candidate for re-election as an Independent.

The thought of Balen taking his seat on the board again prompts many supervisors to feel that the recent increase they voted themselves is far too little.

Considerable interest has been generated in the scheduled appearance of Ronald Reagan, movie star turned political spokesman, as the principal speaker at the Tri-County Republican Club soiree at Deerfield High School, Friday, March 19, at 8:30 p.m.

Since his televised speeches in behalf of Sen. Barry Goldwater during the recent presidential campaign Reagan has been regarded as a future hope for the GOP in his native Illinois as well as in California and Republicans from Boone, McHenry and Lake counties will be on hand to take a long, hard look at him.

And Loren Sexauer, ticket committee chairman of the Antioch Township Republican Club's Installation Dinner at Loren's Country House March 27, coyly suggests that an early order for tickets is essential if you don't want to be on the outside looking in.

Lumber Company Employee Attends Convention

Calvin Johnson, Spring Grove, attended the third annual Crestline "College of Window Knowledge" in Waukegan, Wis., recently. Johnson is an employee of the Charles Harbaugh Lumber Co., of Spring Grove.

The Marine Corps Recruit Depot, San Diego, Calif., was established on August 11, 1923.

Letters to the Editor

Dear Editor:

I have been a life long resident of Channel Lake as was my father and grandfather before me. I have seen the deterioration of our lakes over the years. Not too many years back, our lakes were clean and clear. Today they have become turbid and dirty. Our weed beds are gone and the motor boat has taken over our lakes in the summer. The chain-of-lakes are fast becoming a cesspool and unless we act now and coordinate our efforts, they will become unfit for any type of recreation and the beauty of our lakes and rivers will be lost to us forever.

Since the "Northern Illinois Conservation Club" was founded four years ago, we have been keeping a close watch on the water quality of our lakes. For the past three years we have been working closely with the Lake County Health Department, by taking water samples at two week intervals throughout the summer months.

For some time we have been having a controversy on the possibility of having an open ice fishing season for Northern Pike in Illinois. I would like to answer some of the accusations that have been made against the ice fishermen.

The season for Northern Pike has been closed since 1957. At that time it was felt, by some people, that the ice fishing season should be closed so as to save the full population of Northern Pike in our lakes for just the summer fishermen. This was accomplished by a few people and not by popular demand.

In answer to Mr. Hoffman of Westmont, who says that the ice fisherman is fishing for the freezer and not for the sport. At least the ice fisherman will use what he catches and not take them home to spoil and throw in the garbage can or bury them in the back yard. I would like to know who gave Mr. Hoffman the title of Sport, and what his idea of sport is? I always figured a sportsman was a person who is willing to share equally with the other fellow. As far as charging an extra fee for ice fishing, I think it should be the other way around.

The man that can go out and sit on a frozen lake all day in freezing weather deserves to catch fish. Some people in my opinion, are "Fair Weather Fishermen."

ALONG THE WAY with Annie Mae

One's heart begins to sing with Springtime when we catch a glimpse of those plushy, pastel bunnies in the store windows already. There is also one other consolation to the appearance of Spring (in spite of the mud cluttered roads), at least we will stop receiving those palm-leafed post cards from those fortunate winter vacationers!

THE LATEST REPORT: They may headline it on the Sports pages, and even the front page too, but if you think I'm not going to mention it, you're dead wrong. Look at those Sequoits! . . . Dick Miller and his B.W. Jan hosted a top-notch dinner party with a touch of old Napoli from the antipasto right down to the Spumoni . . . running the shops out of get well cards lately have been Mr. and Mrs. Harry Arndt and daughter Bobbie who have each had their personal stint in the hospital . . . and if the weatherman remains kindly we may soon see the first stages of construction for the new State Bank building on Lake St.

NOTES TO YOU: We couldn't help but think about the argument to de-emphasize Inter-Scholastic basketball, as A.C.H.S. Sequoits continue to march towards a Regional victory . . . Yep!

I would suggest that Mr. Hoffman read Webster's definition of a sportsman.

It is my opinion, and many others, that since the summer limit on Pike is 5 fish per day and they are only fishing for sport anyway, we would suggest that the summer limit be put to 3 fish per day and give the winter ice fisherman a limit of 2 fish per day; or place a limit of 2 fish per day on each group and leave the fifth fish for spawning. If this should not be satisfactory and they feel that this would hurt the supply of Pike, then we would suggest that the Pike season be closed all-together until such a time as each group may share equally.

There are a good many ice (continued on page 3)

that's Bess and Tobey behind those Puerto Rican tanned faces at the Advertiser . . . Ray and Elizabeth Jensen and daughter Diane arrive at O'Hare today from their Hawaiian Holiday . . . looks like a change of hands in a Main St. business as of the first of April.

ON THE BRIDGE: While the Lions Bridge Tournament is going on, I will try to keep you posted on a few human interest points . . . First of all, the Gaston, Queen, Peterson, Olson, Reeder, Helman, Herbert, Ryan group has found a way to add a little interest to their playing. It seems they all meet on Wednesday morning at Loren's Smart Country House to play their eighteen hands and then have a friendly lunch.

Probably the saddest faces this week will be Ruth Jedele and Sally Hawkins who turned in a mediocre score in the tournament but on Saturday night in a little party bridge popped up with 6,000 and 5,000 respectively . . . when you get a chance take a look at the posted scores, and see how many are identical, but in different matches! I'll be doing more rubbering next week, so watch your finesse!

THE LAST DROP: It's a girl at the Jack Fields, and on Sunday too! . . . Phyllis McMillon entertained her model Queens of History in a royal fashion we hear, and then photographed them till the lights went out . . . we're only kidding, seems they had a bit of fuse trouble, but electrician Vic Wilton came to the rescue! . . . this week, don't forget to cheer the Sequoits! . . . Buy Girl Scout cookies . . . and start your Lenten fast.

DID YOU HEAR? A customer told a hardware store clerk that she wanted a 4-in. plug. The man asked "Do you want a male plug, a female plug or both?" "I just want to stop a leak," the woman replied. "I don't plan to raise them!"—Henry B. Kelly.

Letters To The Editor

(Continued from Page 2)

fishermen who are in trades that are reasonable, and therefore, do not have the time to fish during the summer season. But they would certainly enjoy a chance to fish for a few Pike during the winter when their trades are slow.

One of our sports writers states and I quote "ice fishermen, though they hate the expression, are largely 'meat fishermen' (and why they find the title so distasteful I don't know). But more than a few, in trying to fill their freezer as quickly as possible, have been known to cut innumerable holes in the ice, set a line with a tip-up in each hole, go away to rest in a warm shack and check the tip-ups later. Since during the ice season the Northern is a real sucker, a guy with enough holes can kill a lot of fish." End quote. This writer has admitted that he has never ice fished in his life. How can he sit in judgment of those who have? Has he ever stood on a cold, wind-swept lake, waiting for the cry of "TIP-UP"? No he waits his fishing when it's warm and sunny. As for cutting innumerable holes in the ice and setting a tip-up in each hole, I find it no more distasteful than the summer fisherman who sits in a boat with so many rods sticking out that it looks like a porcupine. Or the person that sets innumerable set-lines, with 50 hooks to each line and goes to look at them every couple of days.

When this writer says that Pike are suckers for a tip-up, he has never stood on a frozen lake for 8 or 9 hours without ever having a bite, as I have on three occasions this winter on a Wisconsin lake. And this lake had an abundant supply of Northern Pike. As for killing fish, I have returned 5 under sized fish to the water, with no more injury being done than had they been taken during the summer season. When the ice fisherman fishes through a hole in the ice, he can only cover a very small area and wait for the fish to come to the bait. While the summer fisherman throws out a plug, starts the outboard motor and tears all over the lake. In this way he covers a lot of territory.

The winter ice fisherman pays as much for his license as the summer fisherman and should have the same rights and privileges. The summer fisherman has a season extending from May 1st to November 30th, a period of 7 months, with a daily bag limit of 5 fish per day. All the ice fisherman is asking is a 2 to 4 week ice fishing season with a daily bag limit of 2 fish per day and a limit of 1 tip-up per person.

The Walleye Pike, which is not overly abundant in northern Illinois waters, has a winter ice fishing season and a daily bag limit of 5 fish, while the Northern Pike, which is in greater abundance, does not have an ice fishing season. WHY?

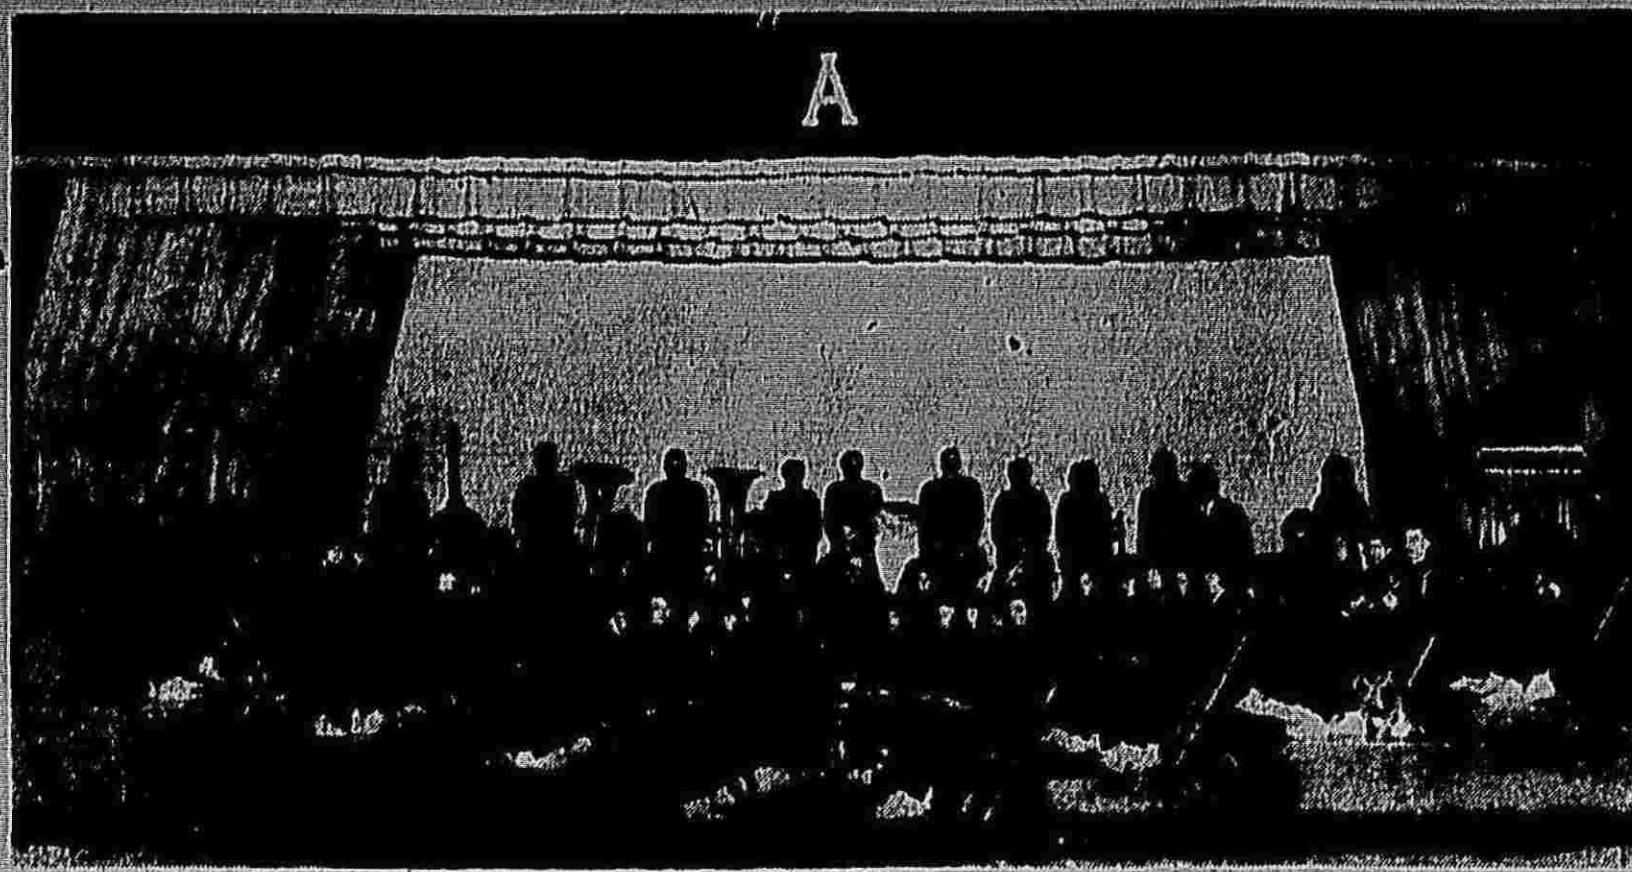

It was voted unanimously by those present, at a November meeting of the Northern Illinois Conservation Club, to circulate a petition to the State of Illinois, Department of Conservation, for an ice fishing season on Northern pike. Therefore, these petitions have been sent to all club members.

The aims of the Northern Illinois Conservation Club are for better conservation in all their aspects. It was not formed as a pressure group, but to work more closely with the State Conservation Department and give help in any worth while program of conservation. Things will not be accomplished by every one pulling in a different direction, with no compromise.

All the views that have been printed by the various sports writers, have been those of certain groups and individuals who want the northern season kept closed for their own selfish reasons. (If the shoe fits, wear it.)

As a closing thought, here is a statement by Clarence A. Wistrom, Fish Management Coordinator, Spooner, Wisconsin. "If you're worried that ice fishing may damage summer fishing—relax! The evidence does not point that way, and we've given ice fishing a good test in recent years."

All views expressed herein.

THE ANTIOCH HIGH SCHOOL BAND will present a concert on March 6 at the High School Auditorium. The Spring Concert is sponsored by the Fine Arts Department at the High School.

Water Bill...

(Continued from Page One)

bill would have been much larger than it was. Comparison of figures for similar periods was useless in this case, he declared, because several sprinklers had been running, to water newly installed sod at the Kennedy Construction Co. during the disputed period.

Mayor Cunningham said that the matter must be settled, as public indignation at the proposed settlement had interfered with payment of water bills. He appointed all members of the village board to meet with representatives of the Kennedy Co. at a special meeting in the near future to settle the matter.

Al Sodman, of Al's Cities Service on North Main St., asked village board permission to install a water disposal unit for camping trailers. The disposal unit would allow trailers to empty and flush out their sewage systems, he said. The service is provided in many towns. The mayor instructed the sewer and water committee to meet with Mr. Sodman and investigate the matter, setting up some system by which the village would be reimbursed for use of the sewer system.

Morris Pickus, owner of the Antioch Liquor Store, announced that he had sold the store and that the new owner, Mrs. Cardinali, would take over the business on April 1. Liquor licenses are due on May 1, he pointed out. As the licenses are non-transferable, Mrs. Cardinali would normally be required by village ordinance to purchase a full year's license to operate through the month of April. The license costs \$400.

He asked that the board make an exception and prorate the bill.

Board members pointed out that several tavern owners had had the same problem, paying a full year's license fee for two or three months. Ray Toft said that he felt the ordinance should be changed to allow the board to prorate the bill where short periods were involved, but said he felt it would be unfair to others who have paid the full fee to either make a concession now or change the ordinance at this time. They mayor called for a vote on the matter from board members. All voted No except David Nissen, who voted to prorate the license.

William Brook, representing the Chamber of Commerce, said that the Chamber is in the process of obtaining appraisals on the properties involved in the proposed purchase for a parking lot on the west side of Main St. The estimates will be ready to present to the board in about a week, he said.

He also reported that there had been discussion at Monday's meeting of the Chamber of the problem caused by all-day parking on Main St. by owners and employees of businesses on Main St. The cars take up spaces which could be utilized by customers, he pointed out, at a time when Main St. businesses are struggling with a lack of parking space.

Mayor Cunningham said he had had several phone calls complaining of this condition and asked for an ex-

other than quotes are my own.

Yours truly,
Richard Waters
President
Northern Illinois
Conservation Club

pression of opinion by several present. Mr. Brook said he felt sure the problem could be solved by calling the matter to the attention of the offenders. Ray Toft suggested it might be wise to poll Main St. businessmen and find out if they would like the meters removed.

Frank Angelotti, village engineer, presented a sample of plastic pipe for the board's inspection. It would be more economical than the cast iron pipe otherwise needed for sewers on Victoria and Harden St., he said.

Angelotti announced that Well No. 4 would get started in a few days, and asked the board if they wanted a water softening system installed. The water softening will not be accomplished by the filtration system, which will remove the iron. The mayor asked Angelotti to make up a cost estimate on the water softening system and present it at the special board meeting to be held next week.

Ellis Story reported that V K Builders had asked approval of plans for an apartment building on Elmhurst Court. The plans are those formerly approved for John Conville, he said. The board approved the plans. Cost of the building was set at \$51,000.00.

The mayor reported that a special census, to increase the village share of motor fuel tax money, could cost the village about \$800. Motor fuel tax is paid at the rate of \$5 per head, as shown by the last census. The census, he said, would more than pay for itself in increased income.

The board approved the motion to allow the Mayor to sign applications for a census. The mayor instructed that the Fire Department take the census.

Roger Williams, chairman of the street department, reported that 50 tons of gravel had been put on Maplewood Drive, and about the same amount on Sequoia Avenue. Winsor Terrace, he said, needs fill, and Lake St. needs holes patched.

Ray Toft, chairman of the Police Committee, reported that one ticket had been issued in the past month for overtime parking. He had received several applications for a clerk to work in the police department office, he said, from which the committee had chosen three to recommend to the board, in the order of their preference. The mayor instructed Toft to interview his first choice, and make his recommendation at the special meeting.

Acting Police Chief Jack Heick reported that the city is lacking several specific ordinances on traffic violations.

Ray Toft, announced that after April 1 dogs that are running loose will be impounded. Several have been picked up in Oakwood Knolls recently, he said.

Toft also reported that tickets will be issued to all owners of cars in the village without vehicle stickers after March 15. Owners in violation, he said, will have to pay a fine in addition to buying the sticker.

Honored As Checker of Year

Mrs. Jacob (Betty) Koenen, Highland Ave., Petite Lake, Antioch, was recently elected checker of the year at the Piggly Wiggly store in the Lindenhurst plaza. Mrs. Koenen will represent her store at a checker of the year dinner held Tuesday, March 3, in Milan, Ill. She will receive a ruby pin to commemorate the event.

Channel 11 To Have Tag Day

Mrs. O. W. Turner of Antioch will be chairman of the 1965 community fund drive for WTTW/Channel 11, to be held during Educational Television week, March 8-14, for this area.

Mrs. Turner will recruit and organize volunteer workers in this community to help collect funds for the educational television station. A tag day will be held on March 6.

In the past year, WTTW/Channel 11 has tripled its in-school educational programming time. Its audience has grown to over 2,750,000 viewers per month. Such programs as BOOK BEAT, OUR 2¢ WORTH, FACT OF THE MATTER, MOSAIC, and THE FRENCH CHEF, plus the extensive instructional courses for elementary and high school children and college students are a few of the reasons for the expanding interest in the educational television.

About one-third of WTTW/Channel 11's 1965 budget of \$1,365,000 needs to be raised from the Chicago area directly. The remainder of the necessary operating funds is brought in through the efforts of the station itself by producing programs for the National Educational Television network, and for other educational agencies.

Army Display At Science Museum

What makes a soldier—and why?

A dramatic Army display that answers this question, and many more the viewer may have, opens at the Museum of Science and Industry today (March 4), to remain on view through March 14.

Called "U. S. Army Trains for Leadership," the exhibit features a series of audience participation devices which enable visitors to see, hear, and "do" as they travel through the spectrum of Army education and training.

A miniature language laboratory will let the viewer "study" any or all of five foreign languages—French, German, Russian, Spanish and Vietnamese—then hear his "studies" played back on a tape recorder.

In another area, visitors will have a chance to try out an automated learning device. This push button "teaching machine" enables the student to see a problem, solve it, and verify his solution immediately.

Display presentations run the gamut of Army education and training—from basic for the new soldier to the National War College for senior officers—and relate these programs to the soldier's ultimate contribution to the civilian community.

At the dinner, the District winner will be announced. Should Mrs. Koenen win this honor, she will compete with winners from other chain stores for checker of the year title in this division.

The checker of the year winner was rated on accuracy, personality and by employee vote. Mrs. Koenen has worked for the Piggly Wiggly store for five years, and was employed at the north Waukegan store until it burned. Before that, she worked for the IGA store in Antioch.

Duralumin is an alloy of 94% aluminum with percentages of copper and aluminum.

Yesterdays

40 YEARS AGO

Miss Vera Nelson of Chicago spent the weekend in Antioch with her parents. Mrs. Fred Hawkins has returned home from the hospital and is doing nicely.

Mrs. Pete Peterson will entertain the members of the Thimble Bee at her home Thursday of this week. Robert C. Abt was transacting business in Chicago recently.

65 YEARS AGO

Mrs. C. A. Powles and Mrs. Zeller will entertain the Star Club at the former's home on Saturday afternoon of this week.

Mary Pollock entertained a friend from Chicago Sunday.

Miss Bertha James Gilbert is spending a few days in Antioch with her parents, Mr. and Mrs. J. C. James.

Dr. W. W. Warriner has purchased the property belonging to the Consumers Ice Co. on Lake Catherine. The deal includes taking over the lake shore property, the ice house and boarding house. The buildings are to be torn down.

Lee Strang's fine new auto hearse was used for the third time Tuesday.

22 YEARS AGO

Thirteen Antioch women are among the more active of 40 members of the Antioch Red Cross Unit which meets in its headquarters twice each week to prepare surgical dressings. The unit, now turning out 1,500 dressings a week, is hopeful of increasing its production during the next month. Those at work at this meeting were Mrs. Fred Swanson, Mrs. B. Burke, Mrs. Herman Rosing, Mrs. Edmund Vos, Mrs. H. J. Krueger, Mrs. Dan Boyer, Mrs. W. W. Warriner, Mrs. Eleanor Micheli, Mrs. Roy Kufalk, Mrs. J. E. Brook, Mrs. J. H. McFarland, Mrs. N. E. Sibley and Mrs. George Bacon.

Glapp Serves On Safety Commission

Roy T. Glapp, who resides in Waukegan, joined the Lake County Safety Commission on March 9, 1964. He serves as a member of the Enforcement Committee and the Public Relations Committee.

Safety is an ever present factor in his occupation as the Inter-State Motor Carrier Terminal Manager.

Mr. Glapp strongly recommends the need to constantly educate the public on matters of safety, courtesy on the highways, yearly inspection of motor vehicles, warning tickets, as being important areas the Safety Commission should emphasize to help in the entire traffic safety program.

He has often stated "safety is not and should not be a controversial subject, but a compelling one that can only be solved by all of us working together."

Other civic organizations in which Mr. Glapp is active are the Loyal Order of Moose, the Elks, and the Masons.

The dollar took its name from silver coins first minted in 1519 at Joachimsthal, or the valley (thal) of St. Joachim, Bohemia, according to the New Standard Encyclopedia. This coin was first called a Joachimsthal, or thaler, for short. Thaler was later pronounced Daler and then became dollar.

Table Tennis Tourney To Be In Waukegan

Table tennis enthusiasts of Lake County will have a chance to compete in the Table Tennis Tournament at the Waukegan Servicemen's Center at 150 S. Sheridan Road, Waukegan, starting March 22.

The tournament is sponsored by the Waukegan Lions Club. Classes are as follows: Junior boys in eighth grade and under; intermediate boys in high school; men's singles, open age; men's doubles, open age; junior girls singles; eighth grade and under; and women's singles, open age.

If there is sufficient interest, an additional class will be conducted in which all veteran players, 40 years of age and over, will be invited to compete.

Trophies and medals will be awarded to winners. The competition is open to all Lake County residents.

Motorists Always Say

"As someone who has worked in traffic safety for the last 19 years, I can assure you that the tendency to blame others is the outstanding characteristic of every motorist involved in an accident."

"I have almost never investigated a case—even on the scene, where the facts quite plainly spoke for themselves—in which a driver admitted his fault. And this is not just fear of prosecution, for even when no law is broken, the average motorist has a need to blame something outside of himself for an accident."

"Nobody ever admits he was going over the speed limit. No one ever dozes off at the wheel. No one ever takes reckless chances. No one ever shoots out onto a highway from a side road without looking. No one ever begins passing on a curve or up a hill."

"The people in my business have a standard joke about 'the phantom truck.' When a driver cuts in too suddenly and hits another car, he invariably blames it on some truck that was coming toward him too fast and forced him to cut in. No one else has ever seen this truck. It has no license plates and can never be found."

"Then there is the stuck accelerator. You'd be surprised at how many accelerators get stuck and are responsible for accidents—although when we examine the car afterwards, the accelerator seems to be working fine. Brakes fail, too, at the most peculiar time—and, just as peculiarly, are in good working order again after the accident."

"Drivers get blinded by rays of sunlight, or their sight is obscured by fog, or they sneeze suddenly, or the cigarette lighter jumped out of its socket and distracted them. It is never their own inattention, their carelessness, their fiddling with the radio or lighting a cigarette when they should have been paying heed to the road."

"In 19 years I can remember only one person—a college boy—who openly and completely admitted his responsibility and refused to blame anything outside of himself. We almost kissed him with joy. But all the others—and they include ministers, teachers, public officials—had no trouble in projecting their fault onto the car, or the lights, or a black cat that had crossed

Holes In Road Are Driving Hazard

"During the ever-changing weather of this time of year, it is wise to keep alert to fast changing conditions, warns the Lake County Safety Commission."

The thaw unveils many driving hazards that have been hidden under winter's ice and snow. The safety-wise motorist must keep alert to hazards such as broken pavement, soft shoulders, mud holes, and drop offs as being potential killers.

The Lake County Safety Commission is asking drivers to be especially watchful when traveling on the highway during the next several weeks.

The Highway Department is doing everything possible to repair these conditions and until they have these traffic hazards under control, "please remember when you drive to be on the defensive and share the road."

Register Now For Summer Quarter

CARBONDALE, Ill.—High school seniors who plan to enter the 1965 summer quarter at Southern Illinois University may register for classes between April 12 and June 4. Leslie J. Chamberlin, SIU admissions director, said such students should initiate action now by informing his office of their intent to enter Southern and requesting an admission packet. They will receive further information by return mail.

Chamberlin said SIU is now taking applications for admission for both the summer and fall quarters. High school seniors may be admitted on the basis of seven semesters of work, with the final semester's grade to be submitted after graduation. Further information may be obtained by writing the admissions officer, or from bulletins available at Central Publications, SIU, Carbondale.

STATE MERIT EXAMS ANNOUNCED

A special series of state merit exams was announced last week by Miss Maude Myers, director of the Illinois Department of Personnel.

The examinations being offered on an open competitive basis will be for the positions of executive I, option 8 (Revenue), Laundry manager II, technical advisor III, option 2 (Insurance), and welfare executive II, option 4 (Children and Family Services).

Examinations being offered on an open competitive and competitive promotional basis will be for automotive shop foreman, bank examiner I (men only), child care worker II, community children's service consultant, meat and poultry inspector I, methods and procedures advisor III, park naturalist and seamstress II.

Interested persons with training and experience in any of these areas should apply to the Department of Personnel, 508 Centennial Building, Springfield, Ill., on or before Saturday, March 6, 1965.

President Johnson has proclaimed the first week in March to be National Save Your Vision Week, according to the Illinois Society for the Prevention of Blindness. Protect your eyes since nothing can replace your vision.

the highway just in front of them.

"Yet in more than 90 per cent of the cases, it is the driver, and nothing else that is at fault. We know this for an absolute fact. It's little wonder that men in safety are so cynical about all excuses. We've heard them all, and every one is a kind of phantom truck."

That's what the man said. Probably he went out the next morning, and joined the crowd.

RESPECT FOR THE LAW

FBI Director J. Edgar Hoover writes: "Cold, deliberate defiance of the law must be met with realistic action, whether the offender is a juvenile or an adult. But, too frequently, realism has given way to false sentiment where teen-agers are involved. Under the pretext of rehabilitation, far too many young thugs have been released prematurely to continue preying upon society. Pampering, overprotection, fawning indulgence—these set a pattern of weakness which breeds contempt for the law and for those charged with the administration of justice."

Ecology is the study of the adjustment and response of plants and plant communities to various environmental factors.

Miss Paula Weiss

Campus News

Miss Paula Weiss, daughter of Mr. and Mrs. John Weiss, Route 4, Antioch, was a candidate for queen of the Sigma Phi Epsilon Winter Carnival at the University of Wisconsin.

The carnival was held from February 24-27 on the University campus. Miss Weiss is a member of Alpha Xi Delta sorority which is sponsoring her candidacy.

NEWS ITEMS

By Del Jahneke

Mr. and Mrs. Earl Horton have just returned from a trip to Chetek, Wisconsin. The further north they traveled, the more snow they encountered, until finally their road was merely a tunnel between towering snowbanks. They visited relatives and friends while in Chetek.

Long time residents of Antioch will be saddened to learn of the death of Joseph F. Paulsen, husband of the former Fanny Messing of Antioch. He passed away at Hines Veterans Administration Hospital on February 18, 1965. In addition of his wife, he left a son and daughter and five grandchildren.

Mrs. Paulsen is a sister of Mrs. Ernest Glenn and Mrs. Olive Hallways. She had lived on Beach Grove Road on the old Messing farm for many years.

Mr. Paulsen was interred in the Mount Emblem Cemetery at Elmhurst, with the Electric American Legion Post of Chicago conducting graveside services. Henry and James Glenn, and Mrs. Hallways attended the services. The Ernest Glenns were unable to come because they are wintering in Mesa, Arizona.

Legion Auxiliary

By Del Jahneke

Starting on March 8th, Mrs. Robert Broege, Deerfield, Department Hospital chairman, has announced that volunteer workers are needed to assist the Downey Hospital patients in poppy fabrication, every Monday and Thursday from 9 a.m. to 3 p.m., in Building 133. Their luncheon will be provided for them. This project will probably be completed in five weeks' time.

Mrs. John W. Horan, Rehabilitation chairman, stated the Antioch Unit will sponsor a "Senior Citizen" party at Downey Hospital for 60 patients on March 8th, also, in Building 133, from 7 p.m. to 9 p.m. Ice cream, cookies and coffee will be served.

There will be a regular meeting of the Antioch American Legion Auxiliary on Friday, March 12, with Mrs. John L. Horan, president, presiding. Mrs. Thomas Chase, chairman, Mrs. Robert H. Dunlap, Jr., and the Junior Auxiliary members are the hostesses.

The 10th District American Legion and Auxiliary will hold a New Citizens' reception at the Gurnee Legion Home, at 8 p.m. on March 12th, too. The famed Blue Jacket Choir will be part of the entertainment. Commander Paul Reigner, Chaplain from the U. S. Naval Station, Great Lakes, will give the main address, entitled "Religion and Citizen-

Phone Voice Important, Says Speaker

"Winning Friends Over the Telephone" was the subject of the lecture given by Miss Dorothy O'Malley of the Illinois Bell Telephone Co. at the last meeting of the Antioch Woman's Club.

According to the National Broadcasting Co., says Miss O'Malley, Chicago-area people have the best English accent in the country.

Five qualities are important for a pleasant-sounding telephone voice. Use your natural voice, speak distinctly, use expression, be alert, and keep a smile in your voice. A tape recording was used to illustrate some of the faults found in women's voices.

It was announced that the literature group will have its next meeting on March 11 at the home of Mrs. William Petty at 1 p.m.; the Green Thumbers will meet on Monday, March 8, at the home of Mrs. Gregory Toole.

Saturday, March 6, is tag day for WTTW Channel 11. Mrs. O. W. Turner, chairman of the drive, announced that 27 volunteers will be tagging.

Royal Neighbors Install Officers

Mrs. Burt Anderson, the new Oracle of the Royal Neighbors of America, was installed in office on Tuesday, February 9. Mrs. Ida Kufak was the Past Oracle.

Other officers installed were Vice Oracle, Mrs. Ida Lokke; chancellor, Mrs. Myrtle Delaney; Recorder, Mrs. Laura Thayer; Receiver, Mrs. Frieda Wertz; Marshal, Mrs. Gladys Wilton; Assistant Marshal, Mrs. Eva Fields; Inner Sentinel, Mrs. Gladys Lokke; Outer Sentinel, Mrs. Effie Nelson; Managers, Mrs. Marie Loomis, Mrs. Agnes Hills and Mrs. Sedick; Physician, Dr. E. Abderholden; Graces, Faith, Mrs. Arthur Wertz; Unselfishness, Mrs. Irma Hostetter; Courage, Mrs. Ann Harry; Endurance, Mrs. Ellen Reekie; and Modesty, Mrs. Bee Mitz. Musician, Emily Novotny; flag bearer, Mrs. Myrtle Stowe, and captain, Mrs. Carolyn Vance.

The Installing Officers were Mrs. Irma Hostetter, Mrs. Agnes Hills, Mrs. Carolyn Vance, Mrs. Alice Lassen, Mrs. Eva Fields, and Mrs. Dot Golden. Installing musician was Phillip McDonald.

A short meeting of the RNA was held February 23 at which Mrs. Carolyn Vance was elected president of the Officers' Club and Mrs. Ida Lokke, treasurer.

The next meeting will be held March 9. Hostesses will be Mrs. Agnes Hills, Mrs. Carolyn Vance and Mrs. Lena Messing.

Homemakers Study Financial Planning

Two new major lessons will be studied by homemakers enrolled in University of Illinois Extension Service in Home Economics classes in Lake County. Twenty-two such units will meet in March and April for monthly discussions.

Mrs. Helen Volk, Lake County Home Adviser, will present the lesson which deals with family insurance.

This lesson is a continuation of the series of lessons on Family Financial planning which was started last year. "Your Floors — Finishes and Coverings" is the title of a second series of lessons which local leaders will discuss at unit meetings. The Lake Region unit will meet at the home of Mrs. Dudley Kennedy, 549 Lake St., Antioch, at 8 p.m. on March 17. Local leaders are Mrs. Irving Buchta and Mrs. Peter Kisel.

The following Auxiliary Units will take care of the refreshments — Antioch, Baxter Evans, Deerfield, Grayslake, Gurnee, Lake Bluff, Lake Forest and Mundelein.

Maurice Loven

Red Cross Drive Gets Under Way

The largest-scale Red Cross campaign in the county's history opened this week.

About 400 persons will take part in the campaign to raise \$121,204, in Lake County during March. James Hotham, vice president of Zion State Bank, will lead the Lake County campaign.

Maurice Loven, Beach Grove Road, Antioch, will be the Antioch-Channel Lake chairman of the drive.

Some of the assistance rendered to Lake County citizens

Plan Hospital Benefit Rummage Sale

The Patients Aid Society of Countryside Hospital will hold a rummage and bake sale on Friday, March 12 from 9 a.m. to 9 p.m. and Saturday, March 13, from 9 a.m. to 3 p.m., at Lake Villa Central School, Rte. 132 (Grand Ave.) and Rte. 21.

Unusual, useful and novelty items will be offered for sale. Men's Women's, children's and infants' clothing, toys, furniture, appliances, jewelry and miscellaneous items will be available.

Home made bakery goods will be on sale both days.

For mothers with small children a baby sitting service will be provided by Caddie Girl Scouts of Troop 173, Lindenhurst.

A capable kitchen committee will have refreshments available continuously during the two day event.

Donations of rummage may be left at the school after 3 p.m. Thursday, March 11. A pick-up service will be arranged for large items by calling 358-5629 or 358-5196 before March 11. Bakery donations may be brought in any time during the sale.

The Rev. R. L. Lunsford

Revival Services At Fox Lake Church

Revival services will be held at the Fox Lake Church of the Nazarene, 6th at Rowe St., in Wildwood subdivision at Fox Lake, on March 5, 6, and 7. Professor R. L. Lunsford is the evangelist.

The Rev. Lunsford is professor of Practical Theology and Biblical Literature and Director of Ministerial Studies and Extension Studies at Olivet Nazarene College in Kankakee.

The public is invited to attend.

Patients Aid Society To Meet Monday

Patients Aid Society of Countryside Hospital will hold its regular meeting Monday, March 8, at 7:30 p.m. at the Round Lake Grade School, Cedar Lake Road.

Final plans for the rummage and bake sale March 12 and 13 will be discussed. All chairmen of the different committees are urged to attend, as well as members of the society.

The ladies are being asked to turn in their trading stamps if they have not done so previously.

A representative from the Countryside Hospital Association will be present to answer questions and discuss the hospital's progress.

Refreshments will be served following the business meeting.

FEAST & FASHION AT METHODIST CHURCH

The Wesley Evening Circle of the Antioch Methodist Church will present a "Feast and Fashion" on Wednesday, March 24.

The Luncheon and Style Show will be held in Wesley Hall of the Antioch Methodist church. Luncheon will be served at noon, with the Style Show following.

Fashions will be by Olson's Apparel of Grayslake. Anyone wishing tickets may contact Mrs. Bernard Stadick at 395-0156 or any of the Circle members.

ALTAR & ROSARY SOCIETY TO MEET

The Altar and Rosary Society of St. Peter's Church will hold their monthly meeting on Monday, March 8, Rosary and benediction will be at 7:45 p.m. in the church.

Antioch's foreign exchange student, Masqit Okubo, will be the guest speaker.

WSCS To Show Film on Spanish Americans

Spanish Americans are a growing and important minority group in the United States. To help the audience understand the heritage, present problems and aspirations of the Spanish-speaking Americans, a colored film entitled "Jose Martinez — American" will be shown at the evening meeting of the Women's Society of Christian Service of the Methodist church. This was produced by the Board of National Missions of the Presbyterian and Methodist Churches.

The meeting will be held on March 10 at 8 p.m. and husbands of the members are invited. Mrs. John Gudgeon will have charge of devotions, and Wesley Evening Circle, of which Mrs. Wallace Anderson and Mrs. Robert Benis are co-chairmen, will be the hostesses. Circle serving refreshments.

4-H Group Hears Hair Stylist

Miss Rita Johnson, from Fascination Beauty Salon, gave 4-H girls some tips on hair grooming at a meeting of the 4-H Adventurers at Enmons Grade School on March 1.

Miss Rita styled the hair of Martha Major, treasurer of the Antioch Adventurers, as a demonstration. Individual suggestions were given to each girl.

Refreshments were served following the program.

Spaghetti Dinner Scheduled

Plans have been made for a Spaghetti Dinner, to be held on March 19th in the St. Peter School Cafeteria. Men of the Holy Name Society will make and serve the dinner from 5:30 to 7:30 p.m.

Pre-schoolers will be admitted free with their parents. Last year's dinner was so successful, that the men are cooking up much more sauce, etc., to accommodate Antioch's hearty appetites.

MRS. RUNYARD IN HOSPITAL

Mrs. Mary Runyard was taken to victory Memorial Hospital by the Antioch Rescue Squad Saturday, February 27 in a serious condition. Reports today are that she is slightly improved. Mrs. Runyard celebrated her 85th birthday anniversary February 25, with a group of friends at her home on Lake street.

FATHER & SON COMMUNION AT ST. PETER'S SUNDAY

On March 14th, the annual Father and Son Communion Sunday will be held by the St. Peter Holy Name Society. Following the 7:30 a.m. Mass, breakfast will be served in the school hall. All men of the parish are invited to attend with their sons.

Millburn News

By Mrs. Frank Edwards
Ellet 6-5795

Regular services at Millburn Congregational Church Sunday, March 7: Church services and Sunday school at 10 a.m. Rev. L. H. Messersmith expects to be in the pulpit after a month's vacation in Hawaii.

Mrs. Jonathan Quimby, program director of the Pleasant Valley Farm near Woodstock, was the Sunday morning speaker February 28.

Due to bad weather and roads the Study Group did not meet on the usual date. The meeting will be held Thursday morning, March 11, at the home of Mrs. Garrett Trout.

Mr. and Mrs. Robert Erwin of Waukegan were callers at the home of Mrs. Frank Edwards Sunday afternoon of this week.

Rev. and Mrs. L. H. Messersmith and Mr. and Mrs. Raymond Jensen and daughter, Diane, who spent the past four weeks in Hawaii expect to be home on Wednesday.

Mrs. Harley Clark and son, Glen, spent Sunday afternoon and evening at the home of Mr. and Mrs. James Bonner of Kansasville, Wis., the past week.

Mrs. Frank Hauser spent several days with her sister, Mrs. Florence Raymond of Milwaukee.

Mr. and Mrs. John Edwards and daughter, Lynn, of Libertyville spent Sunday afternoon at the home of Mrs. Frank Edwards.

Mrs. Janice Foster is a surgical patient at St. Theresa Hospital, Waukegan.

Mr. and Mrs. Earl Turnpugh of Kansasville, Wis., spent Tuesday afternoon at the home of Mrs. Harley Clark.

Mr. and Mrs. Arthur Hau-

Antioch Rainbow Meeting March 8

Antioch Assembly, Order of Rainbow for Girls will hold its regular meeting Monday, March 8, at the Masonic hall. Karen Jennrich, worthy advisor, will preside at the meeting.

Mrs. Wayne Polsgrove will serve as mother advisor in the absence of Mrs. Wilma Gibbs, who is vacationing in Florida.

Following the last meeting, Feb. 21, the girls met at the home of Mrs. Polsgrove to stuff Easter Seals as a charity project. All Masons and Eastern Stars are invited to the meeting.

SQUARE DANCERS "GO IRISH" FOR MARCH DANCE

The next regularly scheduled club dance of the Square Wheels of Deerfield will be "Leprechaun Night" on March 6th.

All square dancers in the area are invited to help celebrate the "Wearin' of the Green" at Woodland School on Wilnot Road, north of Deerfield road in Deerfield starting at 8:30 p.m.

THE ANTIOCH NEWS 4 THURSDAY, MARCH 4, 1965

Scout News

A meeting of Girl Scout leaders will be held March 10 at the Antioch Scout House. The meeting will start at 7:30 p.m.

WORKSHOPS FOR SENIOR, CADETTE AND JUNIOR GIRL SCOUTS

Scribe workshop will be held from 9:30 a.m. to 11:30 a.m. on March 13, at the Scout House. Mrs. Robert Holiday will be conducting the workshop.

Treasurer's training will be held from 9:30 a.m. to 11:30 a.m. on March 27 at the Antioch Scout House.

Several early civilizations realized the need for convenient forms of money. According to the New Standard Encyclopedia, the Egyptians used gold, silver, and other metals as long ago as 2500 B.C. And the Chinese used measured cubes of gold to buy goods in 2200 B.C.

bers are urged to attend. Marge Hartman, chairman of the Library committee will have a silent auction on this night also.

A Corned Beef dinner will be held at the Antioch Moose Lodge, Saturday, March 13. Serving will be from 5 to 8 p.m.

By Lillian Birdsall

Edwin Peterson, governor of the Antioch Moose Lodge, announces that the initiation for the Loyal Order that was to take place this Saturday evening had to be cancelled. A new date will be given later this month.

The sports committee is planning a dance for Saturday, March 27, at the Antioch Moose Lodge. The proceeds of this dance will help furnish the uniforms for the Moose sports teams. Tickets can be obtained from any member of the sports committee or from the lodge.

Politi—Lito and the Clown.
Armstrong—The Magic Bagpipe.
Tinkle—The Valiant Few.

The coin shortage is nothing new. In the mid-19th century, coins were so scarce in the rapidly growing United States that many private firms began producing coins. According to New Standard Encyclopedia, this was tolerated by the Federal government until 1864, when private coinage was forbidden.

Calls For Legislation On Silver Shortage

In a statement before the Legal and Monetary Affairs Sub-committee of the House Committee on Government Operations, Congressman Robert McClory, (R., Lake County) called attention to the serious depletion of available silver for future coinage.

The Congressman stated that because of the inadequacy of silver production and the rapid depletion of Treasury Department stocks, the Treasury Department silver will be exhausted within the next 3 or 4 years.

Congressman McClory declared: "When the stock of silver held by the Treasury Department is eliminated, the current pegged price of \$1.29 per ounce will be governed entirely by the market. As soon as the market price reaches \$1.38 per ounce, subsidiary silver coins in circulation will be greater when melted down and converted into bullion than their value as money." The Congressman declared that this would result in removal from circulation of dimes, quarters and half dollars with a "chaotic result beyond our comprehension."

In considering the alternatives of (1) increased mining of silver, (2) eliminating silver entirely from U.S. coins, and (3) reducing the silver content of coins, the Congressman recommended to the committee "the gradual reduction of silver in dimes, quarters and half dollars," with the result that the eventual silver content would be equal to one-half or one-third of that currently employed in silver coins. Congressman McClory pointed out that any other program might encourage hoarding and that the removal of silver entirely from coins would encourage counterfeiting and wreck havoc with the automatic vending machine industry. The Congressman also recommended that the Congress take steps to encourage increased mining of silver.

Action by the Congress and by the Treasury is expected during the present session of the Congress in view of the eventualities pointed out by Congressman McClory.

In addition, Congressman McClory urged the establish-

ment of a new United States mint in Lake or Cook County in accordance with legislation which he introduced earlier and on which the Congress is expected to act also during the present session.

Pack 192 Has Blue And Gold Dinner

Cub Scout Pack 192 held its pack meeting and Blue and Gold dinner at the Wesley hall Saturday, February 20. A roast beef dinner was served family style. The flag ceremony was presented by the Webelos, Ricky Plotz and Bob Kennedy were color guards.

Movies of Boy Scout Troop 92 on summer trips to Canada and Northern Wisconsin were shown and explained by Mr. Marvin Jones.

Mr. Darlow showed a movie on Boy Scout Ranch Philmont and the activities of the ranch.

Guests who attended the dinner were Rev. Donald Cobb, Scout Executive Richardson, Mr. and Mrs. Marvin Jones of Troop 92, Mr. and Mrs. Richard Whitacre, and Mr. and Mrs. Richard Koenig of State Bank of Antioch, our Institutional Representative.

Awards were presented by Cubmaster Hellstern and Mr. Gordon DeBoer.

Bill Carter received a Wolf badge and a gold and silver arrow. Greg Dixon earned a Wolf badge, a gold and 3 silver arrows.

Jim Fischer, Jerry Smouse, and Peter Laursen received Bear badges. Frank Nevitt and Leonard Benning received gold arrows, and Gordon Silanoff and Dennis DeBoer earned silver arrows.

Bob Becvar earned a gold arrow and 2 silver arrows. Bob Kennedy received 2 silver arrows and Ricky Plotz one silver arrow.

Peter Laursen received assistant denner stripes and Ted Von Emple a den chief award.

Adult awards were received by Mr. Gordon DeBoer, Cubmaster Hellstern, Mrs. Rosina Hellstern, Mr. Frank Kennedy, Jr., Mrs. Jackie Kennedy, Mr. John Kovachy, Mrs. Dorothy Laursen, Mr. Vernie Plotz, Mrs. Betty Christensen and Mrs. Jean Irving.

The members of the Blue and Gold dinner committee were Mr. and Mrs. Bob Dixon, Mr. and Mrs. Townsend Barlow, Mrs. Bernard Dost, Mrs. Ken Smouse, Mrs. Gordon Silanoff, Mr. Robert Becvar, Mr. Al Benning and Mr. John Kovachy and the regular committee.

Scouts from Troop 92 served the dinner. The Scout servers were Erwin Nevitt, Bery Dost, Ted Von Emple, Steve Smouse, Don Edwards, and Keith Staffeld.

Invocation was given by Rev. Cobb. Cubmaster and Mrs. Joe Hellstern thanked Pack 192 for the potted plant that was presented to them.

Information Returns Due March 1

Information returns covering 1964 payments of salaries, wages, fees, commissions, and other personal service compensation of \$600 or more that are not reported on W-2 Forms are due March 1, 1965, said E. C. Coyle, Jr., District Director of Internal Revenue.

Payments of rents, royalties, annuities, pensions and other fixed or determinable income totaling \$600 or more (including interest not subject to the \$10 reporting requirement) must also be reported.

Information returns must be filed by payers of dividends of \$10 or more to any one person. Also, information returns must be filed by the payer of interest amounting to \$10 or more on corporate bonds, debentures, etc., bank or other savings deposits, and certain amounts held by insurance companies and by stockbrokers or dealers in securities.

Payers must also furnish recipients of dividends and interest with a statement of the amounts reported to the Government.

Mr. Coyle said that the information reported on Forms 1099 and 1098 will be used by Internal Revenue in its automatic data processing system as a means of checking on compliance.

Plan For U.S. Redistricting

Congressman Robert McClory reports that the Judiciary Committee of the U. S. House of Representatives has recommended a bill relating to Congressional districts which establishes guidelines for redistricting. The bill permits population variations up to 15% from the average for any of the Congressional districts, and will also authorize consideration of official population figures established since the 1960 census.

"This is the first time the Congress has spoken out on redistricting. The guidelines established by the Congress should satisfy constitutional requirements and provide an appropriate answer to court decisions which have suggested such Congressional expression," declared Congressman McClory.

With strong bipartisan support, the U. S. House of Representatives is expected to act favorably on this measure before March 15.

The Illinois General Assembly, meeting in Springfield, is required to redistrict the State into new Congressional districts at the current session. The House Judiciary Committee action provides assurance that the present 12th Congressional District will be retained. This district, comprising Lake, McHenry and Boone Counties, has a current population of more than 426,000 or within approximately 2% of the average population for all Congressional districts in the State.

Illinois' 24 Congressional districts were established by the Illinois General Assembly in 1961. Under the redistricting plan approved at that time, Chicago's Sixth Congressional District—represented by Congressman Daniel Rosten—is 34% below the average size; whereas the West Suburban 10th District—represented by Con-

gressman Charles W. Price—is more than 32% above the average.

Disparities such as these and in at least 6 other districts would have to be corrected under the bill expected to be passed.

Booklet Answers Women's Questions On Social Security

A new booklet, "Answers to a Woman's Questions About Social Security," is now available at the Waukegan social security district office, Bernard Barnett, district manager, announced today.

Written from the woman's point of view, the booklet may, however, find wide readership among the male population as well. For it provides answers to questions such as "Can a working woman collect both her own retirement benefit and also a full wife's benefit?" "If the husband of a working woman dies, can she be paid anything based on his work under social security?" and "Under what conditions can the husband of a working woman be paid benefits?"

It also points out that children of a working woman can be paid monthly benefits at her death, even if they continue living with their father, and even if he is working.

Copies of "Answers to a Woman's Questions About Social Security," may be obtained by writing or calling the Waukegan social security district office.

The social security office is located at 2500 Grand Ave., in Waukegan and the telephone number is 244-5050.

WEATHER DATA

Over the last 20 years temperatures in Illinois have been recorded as high as 117 degrees at East St. Louis, and as low as 35 degrees below zero at Mt. Carroll. Usually the month of January is the coldest month of the year and July, the hottest.

The average freeze-free season ranges in length from 160 days in the extreme north to 195 days in the extreme south. The last freeze in spring ranges from April 5 in the extreme south to May 2 near the Wisconsin border. The first freeze in autumn usually arrives by October 3 or 4 in the extreme northwest and by October 25 in the extreme south.

The basis of business is confidence and the basis of confidence is understanding.

Introduce Bill To Limit Hospital Construction

Legislation to prevent "fast buck artists," and other undesirable elements from building and operating hospitals was introduced Thursday, Feb. 25, in Springfield.

Principal sponsor of the bill is Senator Arthur R. Gottschalk (R., Park Forest, District 8). Twenty-nine other senators from both parties are co-sponsors.

The bill would amend the state Hospital Licensing Act to require sponsors of all new hospital projects to obtain a permit before they could proceed with plans for construction. They would need to demonstrate that they have the "qualifications, background, character, and financial resources to adequately provide a proper standard of hospital service for the community." Sponsors would also be required to demonstrate that the proposed hospital would "meet a need that is identifiable in the community."

Beyond what he termed the "obvious need to keep our Illinois hospital system under the control of responsible community leadership," Senator Gottschalk said the bill would help to control the inherent waste in building facilities in areas where they are not needed.

Organizational supporters of the bill include the Illinois Hospital Association, the Illinois State Medical Society, the Illinois Nurses' Association, the Blue Cross Plan for Hospital Care of Chicago, the Hospital Planning Council for Metropolitan Chicago, and the Illinois Health Improvement Association.

The State Department of Public Health, which is the licensing agency for hospital and medical facilities, cooperated with the above groups in preparation of the bill.

Help For Taxpayer In New Booklet

The 1965 edition of Your Federal Income Tax is now available. E. C. Coyle, Jr., Chicago District Director of Internal Revenue announced.

This best-selling, plain language tax guide contains the answers to almost every problem individuals or families may encounter in preparing their federal income tax returns. Many examples are given, including a sample filled-in 1964 tax return, to illustrate how the rules apply to actual situations.

The publication has been enlarged from 144 to 160 pages to permit a complete discussion of the Revenue Act of 1964 as it applies to individuals.

Some of the more important changes and additions provided by the new law include: the lower income tax rates for 1964; the new minimum standard deduction; the new income averaging provisions for individuals with bunched income; the more liberal rules for business travel and transportation; and employees' moving expenses.

"New Items in This Edition," a new feature of the publication this year, identifies the more important changes and additions discussed and helps the reader to readily locate them in the booklet.

Mr. Coyle called attention to a statement on the first page of the booklet which points out that the explanations and examples in Your Federal Income Tax reflect the official interpretation by the Internal Revenue Service of the tax laws, regulations, and pertinent court decisions.

Consequently, there are some matters covered in the booklet on which certain courts have taken a position more favorable to the taxpayer than the official position of Internal Revenue. "Until these varying interpretations are ultimately resolved by higher court decisions or otherwise, we must necessarily continue to state the Internal Revenue viewpoint," Mr. Coyle said.

This statement was, unfortunately, omitted from some advance copies of the booklet already printed. However, the omission was caught and the statement is included in the great bulk of the copies.

Your Federal Income Tax, priced at 50c a copy, may be purchased at all Internal Revenue Offices, or may be ordered by mail from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. Quantities of 100 copies or more may be purchased at a 25 percent discount from the Superintendent of Documents.

Roller Rink Observes Second Anniversary

Over three hundred children and parents helped to celebrate the second anniversary of the Lake Region Roller Rink last Sunday.

A show was presented, with several of the children present participating. Kevin Mortensen wrestled the bear. Mr. Meeko, the Chimp, skated with one of the youngsters, while others shook hands with him.

Feats of magic were performed by Marshall Brodin. Patricia Ferrier assisted him by allowing him to attempt to chop off her head.

Many members of the Old Timers Club were present.

Plan To Induce Doctors To Locate In Small Towns

A campaign to induce doctors to locate in small Illinois towns has added 59 doctors to those practicing in such areas.

The program is sponsored by the Illinois Agricultural Association and the Illinois State Medical Society.

A medical student loan fund was established in 1948 to encourage general practitioners to locate in communities that have a shortage of doctors.

Each participant in the loan fund program must agree to serve as a general practitioner in an Illinois community of 5,000 population or less for five years after receiving formal training.

"The need for doctors in rural communities was great when the student loan program was established," said Roy E. Will, IAA assistant secretary. "However, the need for general practitioners in small towns is even greater today. The number of new doctors locating in rural communities is not keeping pace with the number of small town physicians retiring from practice."

Thirty-one loan fund program participants are currently attending medical school. Another 25 are serving as interns or are in military service.

GOP To Discuss Pending Legislation

Three Lake County members of the Illinois General Assembly will take part in a panel discussion at a general meeting of the Lake County Republican Federation at 10:30 a.m., March 6, in the new Holiday Inn, Green Bay Road and 22nd St., west of North Chicago.

State Representatives John Conolly, John Henry Kleine and Francis J. Berry will consider the Republican position on legislation now before the General Assembly. Moderator will be Robert J. Milton, chairman of the Lake County Republican Central Committee.

Robert D. Stuart, Jr., Federation president, said the role of the Federation in assisting township and city organizations will be assessed. The combined annual report of the Federation and the Central Committee will be presented. Federation projects and activities for the coming year will be reviewed.

Currently attending medical school. Another 25 are serving as interns or are in military service.

Each of these beauties is the lowest priced in its line. But the ride doesn't show it. Or the interior. Or the performance.

That luxurious Biscayne is as roomy as many expensive cars, has color-keyed interiors, plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide doors, roomy, tasteful interiors and Chevrolet easy-care features. Chevy II got a lot smarter for '65—but stayed sensible! Still family-size, easy to handle, economical, and the lowest priced Chevrolet you can buy.

Or get a sporty rear-engine hardtop in a Corvair Sport Coupe or Sport Sedan for fun in the months ahead. Chevrolet, Chevelle and Chevy II are available with the Turbo-Thrift Six for fuel economy, quick warmups, quiet idling. It's light, efficient, smooth and spirited.

Corvair's air-cooled rear-mounted Turbo-Air Six delivers the best balance and traction for this size car.

So be practical. Only you will know. Because it sure won't show!

Drive something really new—discover the difference at your Chevrolet dealer's Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Shrine Circus In Chicago

A veritable traveling United Nations is the 23rd Annual Shrine Circus, which roars into Chicago on Wednesday, March 17, to stay at the Medinah Temple, 600 North Wabash Avenue, through April 4.

The rare, trained Siberian Tigers of Robert Baudy, the enchanting trained dogs of Tibor Alexander, plus elephants, chimpanzees and horses are just a few of the four-legged animal stars in this all new edition of the Shrine Circus. Add to this, high-wire walkers, bareback riders, acrobats, aerialists, clowns and gymnasts, and you have all the elements of 2 1/2 hours of fine circus to entertain young and old alike.

From Denmark, Australia, Africa, Indonesia, the Malay States, Germany, Hungary, France, Mexico, Canada, Argentina . . . all these countries are the backgrounds of the performers who make up the thirteen stellar acts presented in the circus. Included are Robert Baudy's Siberian Tigers, the intrepid aerial masters the Hank Duo, the kings of balance the Zavattas, Tibor Alexander's Dogs, the simian artistry of Natal, the Polack Bros. Circus Elephants, the sky-high feats of the Rosell Troupe, the trapeze artistry of LaNorma, the Polack Bros. boys of Aerialovelles, Miss Charlotte Walsh and her uncaged Leopards, the tumbling Rodos, Kirby's Chimpanzees, the peerless Riders of the Plains the Fabulous Zoppes, and the famed Flying Ray-Dens.

Lone Male Entry Bakes Best Pie

One brave young male entered the Northern cherry pie baking competition and walked off with first prize. The 17-year-old high school senior, John Cannata, Melrose Park, was the only male in the 4,000 students who entered the competition. He won a \$1,000 college scholarship with his pie-baking ability.

NI-Gas sponsors the annual home economics competition to encourage high school students to learn more about the opportunities in this career field and to provide college tuition aid to outstanding students. Cannata plans to major in restaurant and food services management or education in college.

How long has it been since you had a close one?

Quite often when you see an accident or pass the scene of one, you'll tell your friends about it later. Usually you'll add how you had a "close one" last week. You might end thinking, "It could have been me."

Complete insurance coverage is vital . . . call us today for peace of mind.

Outdoorsmen Flock To National Boat Show

Some 300 exhibitors from 197 cities in 35 states and Canada will be in McCormick Place for the Chicago National Boat, Travel and Outdoors Show from March 6 to 14.

Guy W. Hughes, the show's executive producer, says the show will set new records in the variety and number of products and services on display.

Hughes gave this run-down of what show-goers will see: In the boating exhibits, every type of recreational boat sold and used in quantity in the Midwest (and a few in the one-of-a-kind category) will be on display—some 350 of them all told. Price tag values will range from under \$70 to over \$40,000 and lengths from 6 to 54 feet.

The fleet will include some 70 sail boats, ranging from a 40-footer to sailing canoes and dinghies, including a wide variety of one-design racing boats and day sailing and cruising craft.

Specialty craft will include what the manufacturer calls a one-man sports-type submarine.

All major outboard motor manufacturers will be represented, along with mass-market marine engine manufacturers.

Boating accessories and supplies on display will range from paints to anchors, to bilge pumps to engine fuels and lubricants—and will include a device designed to "sneak up silently on fish."

Travel exhibits will total 135, as against 55 last year, an increase of 145 per cent.

Virtually every state and regional tourism agency that puts exhibits "on the road" will be represented, along with scores of individual resorts.

The show's camping equipment area is distinguished by variety and the participation of the "big name" manufacturers in this field. Products exhibited include tents, "pop-up" folding tent campers, travel trailers and self-contained motorized "land

research, education and service. "Research," he said, "is most important. . . Only the results of future research can save over half of those who now develop cancer. But gains are being made in this direction every day in laboratories throughout the country."

He added that the success of the campaign would depend on the volunteers and "we feel certain that they will accept this real life-saving challenge."

Virtually every "big name" in fishing tackle will be represented, with the products of at least 16 manufacturers on display.

Show-goers can rest their feet at the midpoint of their first day's touring of the exhibits by catching the premiere of the first Chicago appearance of a troupe headed by Frank Sinatra, Jr., the Tommy Dorsey Orchestra, conducted by Sam Donohue, and Helen Forrest. The stage production will make its debut at 4 p.m. in McCormick Place's 5,000-seat Arco Crown Theatre.

Hours for the show are 11 a.m. to 10:30 p.m. on Saturdays and Sundays (except on March 14, when the closing hour is 9 p.m.) and 1 p.m. to 10:30 p.m. on weekdays. The stage show will be presented daily at 4 and 8 p.m. through the run of the exposition.

Girl Scouts Have Recruitment Drive

The Sequoyia Neighborhood Girl Scout association held a recruitment drive recently at the Antioch High School. Mrs. Merle Gibson, senior advisor, along with members of Troop 110, explained the program of scouting and answered questions.

A film on Round Up was shown; two of the girls, Wendy Lidblad and Marilyn Johnson, were selected to go to Round Up in Iowa this year.

Sequoits Take District Title, Go To Regional

The Antioch Sequoits won their first tournament in state competition since 1937 last week when they won the Wauconda District Championship. The crown entitled them to proceed to the Mundelein regional at Mundelein High School.

The Sequoits had to come from behind Thursday night to nip Grayslake in an overtime thriller. The Rams got off to a fast start as they took an 18 to 9 first quarter to dominate the game as they led by 10 points at the half, 35 to 25, and 48 to 40 at the three quarter mark.

The Sequoits went into full court press in the final stanza and Bernie Smith scored the tying bucket with 1:30 left on a layup after taking a pass from Wally Henning.

Grayslake failed in their bid to take the lead at the final gun and the game went into an overtime session. The Rams took the lead on Brad DeZurik's rebound shot at 59 to 57 but the Sequoits bounced back with two baskets by Mike Sterbenz and one by Tyrone Walls.

Bob Schmitz led the verdict with 2 free throws. Kim Baker pulled the Rams to within two points with a layup in the closing seconds. Sterbenz and Walls led the Sequoits in scoring with 19 and 20 points respectively. Smith and Henning gave the Antioch quint a 44 to 26 edge on the boards, getting 10 rebounds each.

20th Victory
Friday night the Sequoits won their 20th game of the season, defeating Grant in the District finals 64 to 46. Grant took a narrow 11 to 10 first quarter lead and built it into a 20 to 26 lead at halftime.

Grant drew first blood in the second half on a jumper by Bob Koske to put them in front 31 to 26. After that the Sequoits, led by Mike Sterbenz, went on a scoring binge and outpointed the Bulldogs 18 to 8 for the period.

Hitting from the outside, Sterbenz made four baskets and then got a fifth off a fast break layup to put the Sequoits on top 44 to 37 at the start of the fourth period.

Grant closed to within 4 points with a little over three minutes left but the Sequoits hung on with baskets by Schmitz and Walls and a free throw by Blackman.

The Sequoits hit a blistering 46% from the field, cashing 26 of 57 attempts. At the free throw line Antioch made only 2 of 7 attempts. Grant had 28 chances at the charity line but managed to hit only 14 of them. The Bulldogs hit 32% from the field.

"We didn't score too well in the fourth quarter but our defense came through and kept the pressure on," Coach Andrews said. Andrews was pleased with the defensive job done by Wally Henning in the final period. "Tyrone Walls did a real fine job running our offense in the last quarter, too," Andrews said.

THIS IS THE LAST CHANNEL LAKE Basketball team for the recently-annexed school. Standing, left to right, Coach Howard Scott, Randy McBain, Don Dill, John Kelly, Steve Horsch and Manager Bill Portalski. Kneeling, left to right, Allen Turner, Mike Portalski, Gary Inman, Bud Harris, Calvin Baker and Bob Lemke.

Play Last Game At Channel Lake Gym

There was a bit of nostalgia between cheers at the basketball game at Channel Lake Grade School last Friday—it was the last game to be played in their home gym for a Channel Lake team.

Channel Lake school district was annexed to the Antioch Grade School district recently, but will finish out the year as scheduled. Next year, the seventh and eighth graders will attend Antioch Grade School, so there will be no Channel Lake team.

The "A" team defeated Harrison, 43 to 28, for this historic game. The "B" team won their game, too, beating Harrison 38-35. The Channel Lake team is now tied for second place in the Lakes Conference, with eight wins and three losses. They played Oakland school March 3, the final game of the season.

Howard Scott, principal of the school and basketball coach, was presented with a watch by the basketball team and cheerleaders. Former players and cheerleaders were invited to attend this last game as the guests of the school.

710 Series Wins Tourney

Ralph Trobiant, Addison, Ill., rolled a 710 (with handicap) score in the closing hours of the Men's Singles Tournament at the Antioch Bowl last Sunday night to take the \$500.00 first prize.

Dick Hearn, Chicago, also totalled a 707 series Sunday night to take second place money.

Up to Sunday night, 688 had been high score in the tournament, with three contestants tied with that score. The three are J. Lindmeyer, Broadview; K. Holverson, Zion; and R. Ufer, Northlake. Trobiant is a 170-average bowler.

In the other games Wheeling plays Warren at 3 p.m. and Mundelein meets Forest View in the final game, starting at 8 p.m.

Winners of the Lake Forest-McHenry and Wheeling-Warren games will play in the semi-finals Monday, March 6, at 4:30 p.m. At 6 p.m. the winners of the Antioch-Maine South and the Mundelein Forest View games will square off in the lower bracket semi-final game. The finals are set for 4:30 p.m. Tuesday for the losers and 6 p.m. for the winners.

The Antioch preps are 8 and 10 for the season. Five of these wins came in the last half of the schedule.

Sophs Schedule Prep Tourney

Coach Bruce Stahmer's sophomore quintet is scheduled to compete in a Sophomore tournament Saturday, March 6, at Mundelein. "We have been trying to get into a prep tourney for a long time," Stahmer said, "and this is the first year we have had a chance to schedule one."

Lake Forest, winners of the Northwest Suburban Conference, will kick off the action Saturday at 1:30 against McHenry. The Sequoits will

Frosh Cage Team Ends Season With Fourteen Wins

The Antioch Frosh Basketball team finished the season with seven wins in a row, giving them an overall season record of 14 wins and 7 losses.

At Alexander, Tony Barnett, Gregg Drije, Steve Miklautsch, Bill Smith, Dan Smith and Joel Strahan were the leading scorers for the season.

Other members of the team were John Bjork, Joe Pass, Jim Roberson and Karl Jennrich.

Total points: Alexander 110; Barnett 228; Drije 156; Miklautsch 141; B. Smith 131; D. Smith 82; Strahan 153; Bjork 17; Pass 13; Roberson 13; Jennrich 12.

MIKE STERBENZ sets his sights on two points against Grayslake Thursday night. Tyrone Walls (52) keeps a close eye on the action.

Sequoits Nip St. Viator To Stay In Regionals

Antioch qualified for the semi-finals of the Mundelein regional basketball tourney Monday night, nipping St. Viator's of Arlington Heights in an overtime 56 to 51.

The Sequoits led through most of the game, taking a 9-point bulge at one time. The Antioch quint took a 20 to 15 edge at the first quarter mark and couldn't build on this five point margin as both teams scored 10 points in the second quarter and then hit for 8 points in the third period.

Leading 46 to 39 with 2:06 left in the game, Grandt of St. Viator hit on three baskets and a free throw to close the gap to 50 to 48. Free throws by Loughman and then another charity toss by Hogan with 33 seconds left tied the score at 50 all.

Neither team could score in the remaining time and the game went into an overtime session.

It was all free throws in the extra session with Bob Schmitz, Bernie Smith and Mike Sterbenz getting 2 each. Grandt countered with one for St. Viator to make the final 56 to 51 margin.

The Antioch quint showed balanced scoring again with three players hitting for double figures. Sterbenz and Smith led with 14 points followed by Tyrone Walls with 13 counters.

Smith grabbed 11 rebounds to help give the Sequoits a 30 to 23 edge on the boards. Antioch had another good night from the field, cashing 22 of 48 attempts for 46%. They made 12 of 20 from the free throw line.

LAKE VILLA CHURCH NEWS
By Mrs. Bernice Bernau
Elliot 6-5649

Prince of Peace Church

Lenten Schedule: Morning Mass 7:00 a.m.; Saturdays and Holydays, 8:00 a.m. Evening Services on Wednesday at 8 p.m.; Rosary, Sermon and Benediction Fridays at 8:00 p.m.; Stations of the Cross and Benediction.

Father Bruce, O. Carm., professor at Carmel High School will deliver the weekly sermons on Wednesday evenings.

Friday of this week will be the First Friday of March. Masses will be at 7:00 a.m. and 11 a.m.

The Girl Scouts, in their Uniforms, will receive Holy Communion in a body at the 9:00 o'clock Mass, Sunday, March 7.

Ron Schillinger has been appointed moderator for the Teen Club.

Babies baptized Sunday, Feb. 21, were Chrisa Beth, daughter of Mr. and Mrs. William Simonson; Sandra Lynn, daughter of Mr. and Mrs. Arthur Ess; and Thomas Anthony, son of Mr. and Mrs. Donald Young.

The Altar and Rosary Sodality is working on plans to form a parish library.

There will be shelves in the back of the church to hold the books, pamphlets and magazines. They are primarily interested in Catholic reading material, but will also have some good non-religious type books. Everyone in the parish will be welcome to use the library.

Parishioners are asked to search their bookshelves and donate some worthwhile reading matter to the library. They would like to have you write "Donated to the Prince of Peace Library by..."

Books, Catholic magazines and Catholic pamphlets can be left on the table at the rear of the church, near the pamphlet rack.

If there are any questions, please call Mrs. Neal Long, Elliot 6-7775, or Mrs. William Beller, Elliot 6-5240.

St. Mark Lutheran Church

The Rev. T. A. Krueger, Area Stewardship Director of the American Lutheran Church Sunday morning. He met with the church council in the afternoon.

Lenten services are held at 7:30 p.m. Wednesday evenings. The Luther Leaguers will assist Pastor Nelson in his presentation of the characters studied during the Lenten Series.

Choir rehearsal will be at 8:30 p.m. during Lent.

The Mary-Martha Circle will meet at the home of Mrs. Roy Jacobs Thursday, March 4, at 1:00 p.m.

The Church Council will meet at 7:45 p.m. Thursday, March 4.

Linda Maki and Charles Maxwell will be married Saturday, March 6, at 4:00 p.m.

LINDENHURST

Ted Flanagan has proclaimed March 7-13 as Girl Scout Week. Mr. Flanagan stated in his proclamation that the theme of Girl Scout Week, "Girl Scouting—A Promise in Action," should

be a reminder to the citizens of their continuing promise to support Girl Scouts of the U.S.A. in furthering its purpose of inspiring girls to be happy and resourceful citizens.

New Baby
Mr. and Mrs. Roger (Linda) Halek, 2118 E. Old Elm Rd., welcomed their first child Feb. 20 at Victory Memorial Hospital. The baby, who has been named after both of his grandfathers, Joseph Raymond, weighed 6 pounds, 11½ ounces at birth.

The grandparents are Mr. and Mrs. Ray Caldwell, 2118 E. Old Elm Road, and Mrs. Vlasta Halek of Venetian Village.

Blue and Gold Dinner
Approximately 70 persons, including Cub Scouts of Pack 84, attended the Blue and Gold Dinner last Thursday evening at the Hooper school.

The Cubs in Mrs. Eleanor Bittner's Den made the place cards and place mats. Each mother was given a corsage made by the scouts. All decorations were in the blue and gold theme.

Don Chieft and Cub Scouts participated in presenting the program, showing parents what scouting does for boys.

Scott LaChance was awarded his Bob Cat badge; Greg Sorenson received his Wolf badge, and a gold and silver arrow. Chuck Jordan was awarded a one year service pin, Bear badge and gold and silver arrows. Phil DuMelle received a silver arrow to wear under his Wolf badge. John Bittner received a gold arrow to wear under his Bear badge.

Birth
Cary Bruce and his wife, Marilyn Kay, 128 Cedar Lake Road, Lake Villa, are the parents of a little girl born last week at Lake Forest Hospital. Sherri Lynne weighed 7 pounds, 6 ounces.

Hospital Patient
Stanley (Gramps) Sutherland, Sr., 111 N. Hickory Dr., has been in St. Therese Hospital since Feb. 21. A get-well card would sure help to make him feel better.

Anniversaries
Anniversaries coming up this month are Anne and Louis Hartokolis, eight years on March 9; Herbert and Blanche Hanf, 38 years on March 12; Denver and Mary Shore (?) on March 4; Bob and Anne Spiegl, eight years on March 16; Bill and Esther Kaulb, 26 years on March 19.

Can Take Refunds In Savings Bonds
Savings Bond Chairman for Lake County, Philip L. Speidel, today reminded taxpayers that the Treasury Department will once again offer them the opportunity of taking income tax refunds in U. S. Savings Bonds.

The savings option, introduced in 1963, is in addition to the two standard options of taking tax refunds in cash or applying them to next year's tax.

"When a taxpayer elects to take his refund in Series E Bonds," Mr. Speidel said, "his money goes to work immediately on two jobs. It begins to build his financial security. At the same time, it contributes to our country's economic strength."

"Every dollar invested in U. S. Savings Bonds makes our economy stronger and our nation more secure. This is a thought every tax-paying citizen should keep in mind when deciding what form he wants his tax refund to take."

Those who keep in mind when deciding what form he wants his tax refund to take. Those who elect the U. S. Savings Bond option join millions of Americans who are investing in their country's future in this way."

Billings Pending Before House And Senate
Here are some of the bills pending in the Illinois Legislature. The Senate has introduced 345 bills and 465 have been introduced in the House.

SB 253 would require the automatic revocation of an automobile operator's or chauffeur's license for any one convicted of auto theft or in the case of a juvenile, the revocation of license or permit and driving privileges when notified that the child appeared before Family Court for auto theft, removing parts therefrom, unlawfully tampering with or damaging or using an auto unlawfully.

The bill is in the Senate Committee on Highways and Traffic Regulations. SB 254 requires Family Court to notify the Secretary of State when a child appears for stealing, damaging, or unlawfully using an auto. The bill is in the Senate Committee on Judiciary.

SB 41 and HB 34 requires licensed medical practitioners to report physical abuse of children. Both were reported DO PASS.

SB 42, permitting disclosure of professional information on physically abused children is identical to HB 35.

HB 28 abolishes capital punishment except for treason. Amendment No. 1 to the bill permits capital punishment for murder while attempting or committing a forcible felony or of a prison guard.

SB 9 requires phenylketonuria (KPU) tests for all newborn. HB 232 is identical.

HB 80 exempts physicians from civil liability for emergency care at the scene of an accident.

Design Motor For Open-Heart Surgery
An electronic blood flow meter which may help save lives of open-heart surgery patients has been designed by an Illinois Bell Telephone engineer working on his own time.

The device gives an instantaneous measurement of the rate of blood flow through a heart-lung machine at the push of a button. This is now measured manually. The meter, developed for the Chicago Heart Association, will be clinically tested soon at a major Chicago hospital.

During open heart operations, a machine is used to take over the functions of the heart and lungs. Blood flows from the patient to this machine and is pumped back in. Measurement of flow requires intricate and costly instruments. The meter provides a more accurate, easier, periodic measurement of the flow and requires only a minor attachment to the heart-lung machine tubing.

The designer, Edward Philippe, is president of SAVE (Service Activities of Volunteer Engineers) an after-hours organization of Illinois Bell engineers who give up their leisure time to cooperate with the medical profession to develop instruments and methods to assist doctors.

Philippe, special services engineer, developed the device in his home workshop during evenings and weekends. He has been with Illinois Bell nine years and lives at 6030 Farwell, Skokie. He also is co-chairman of the biophysical engineering consultation committee of the Chicago Heart Association.

Assisting Philippe were SAVE members Ernest A. Ewers, 745 Aberdeen Drive, Crete; and Lou E. Harrington, 6426 Foster Street, Skokie.
